A Scrap of Paper

¶A treaty may sometimes be considered only a scrap of paper, but a bank check is something more than that. Even after it is cashed it is a receipt that can't be dodged.

¶A bank check is better than the cash because if lost a new check may be issued. If money is lost it is gone for good. A checking account is the modern way of doing business. We invite you to open an account at our Bank, where every courtesy will be extended to you.
