

# Telephone Traffic

The signals of the traffic officer are obeyed instantly by the intelligent citizen, as he realizes that indifference means confusion and congestion.

Over the wires and through the switchboards of the telephone company there is a constant volume of traffic. Here there is also a signal—the ringing of the telephone bell. A great obstacle in the flow of this traffic is delay in answering the telephone bell.

Answer your telephone bell promptly. You will accommodate the party calling. Your own line will be more quickly cleared for other business.

## TAILORED PERFECTION IN JUVENILE APPAREL

MORE and more the requirements of the child are being recognized. Not only by the parents and teachers but in apparel shops and department stores the country over, the needs, the inclinations of a juvenile world are receiving appropriate study and attention. Many of the largest establishments are devoting entire sections exclusively to the child. The theory of self-expression for the child is in actual practice in all intellectual communities.

That feeling of being well dressed which gives confidence and assurance to the adult, is likewise experienced by the child. Consequently, increasing attention is devoted to creating juvenile apparel which will tend to cultivate the taste of the child.

Take, for instance, the smart little tailored suit pictured above. It has perfect fineness in every detail. In its silk braid binding, its swag pockets, its low-shoulder line, it represents style personified. Then there is a fur collar "just like mother's." Under the flare coat is a most adorable frilly lingerie waist, so practical with a plaited skirt. The hat is navy

duvety and velvet with Oriental colored bands and a broad ribbon streamer. The shoes represent the aristocracy of fashionable bootery, having patent leather vamps with white kid tops. Any little girl thus correctly attired cannot fail to strive to live up to so choice an outfit in her department and general happy attitude.

Children's wear buying is beginning to swing from school outfits to dressier types, for soon the holiday dancing parties and entertainments will be on. A good demand is for white serges. These are particularly practical where a "dress-up" effect is desired without sacrificing warmth.

Velveteens are developed into afternoon frocks with colorful embroidery. Ruffled tulle-trimmed pastels are recommended for evening wear. Little tots are wearing cunning organdies which fall from a yoke designed with tiny stitched butterflies.

Youthful Author of Famous Hymn.

The hymn, "Come Thou Fount of Every Blessing," was written by one of the most interesting and eccentric figures of early Methodism, Robert Robinson. Robinson, a London hair-dresser's apprentice, early fell under the influence of the mighty Whitefield; became converted at twenty, and is credited with being the author of "Come, Thou Fount," at twenty-two.

The Thermos Bottle.

A thermos bottle is a double-walled receptacle. The air in the space between the walls is completely exhausted and the walls are silvered like a mirror so as to reflect radiation. This guards against the access of heat or cold from without.

Eggs and Nutrition.

Geese lay the best eggs from the point of view of nourishment. Then come turkeys and guinea fowl. Hens are fourth on the list, with turkeys and plovers following, but it is the hen on which the world depends for its egg supply.

Time and Judgment.

Because to every purpose there is time and judgment.—Ecclesiastes, 8:8, P. 9.

Heat Wakens Them.

A hibernating animal can be awakened from its sleep by being brought into a warm room. When again put into a cold place it immediately resumes its dormant state.

### Keep the Kidneys Well

Health Is Worth Saving and Some Grants Pass People Know How to Save It

Many Grants Pass people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Grants Pass citizen's recommendation.

Mrs. J. Boesch, 209 Foundry St., says: "I can never speak too highly in praise of Doan's Kidney Pills for I have never found anything their equal for backache and kidney trouble. Since taking Doan's Kidney Pills I am bothered but very little with my back or kidneys."

The above statement was given March 20, 1918, and on March 24, 1920. Mrs. Boesch said: "I am glad to repeat all I said in favor of Doan's Kidney Pills. I have had no return of kidney trouble and always recommend Doan's to anyone I hear complain of kidney trouble."
