Radio Fans Disappointed—

Local radio fans who tuned up
their sets last night to listen in to
hear Walter M. Pierce deliver his in-
augural address were disappointed
when it was impossible for the new
governor to get to Portland. Be-
cause of the legislature's inability to
get together yesterday and get down
to business, the governor-elect was
held over in Salem to be officially in-
formed that he was to guide the state
for the next four years. The Oregon-
ian had planned to send out the mes-
sage from its wireless tower but gave
a program instead. Alvin M. Owsley,
national commander of the American
Legion, broadcasted a talk from Seat-
tle, which was heard here.

Loses Fine Chickens—

When W. S. Maxwell went out to
his chicken house this morning he
found some of his Barred Rock hens
dead while others were still appar-
ently under the influence of intox-
icating liquor. Three of the chick-
ens were dead and the others didn't
have much life, being unable to
walk. They finally became able to
wobble around but couldn't eat or
drink. They went through all the
motions of drinking but didn't get
any water. Mr. Maxwell also says
that the hens were singing, although
they seemed to be in bad shape. He
let them out Monday for a while and
is unable to account for their con-
dition.

last spring. He leaves a widow,
Alta E. Berrie.

When Better Automobiles—

Are built, Buick will build them. 84

Trains Are Delayed—

All trains from the north are
about two hours late, due to the fact
that they have been rerouted on ac-
count of the flood conditions which
exist in the northern part of the
state. The highway between Cor-
vallis and Eugene is still closed
with water reported several feet
deep over it in places. The Western
Union was receiving messages from
Portland at 6 last night, the lines
having been repaired. Until that
time all messages were sent by way
of San Francisco.

Ford

INTERESTING FACTS

105,799 Ford Cars and
Trucks Retailed in
December

Approximately the same number scheduled for delivery this
month

WHAT DOES THIS MEAN?

This volume of deliveries to actual owners is entirely unprecedented for
this time of the year—

It has taxed the manufacturing ability of the Ford plants working at
full capacity—

It indicates a volume of business during the rapidly approaching months
of "heavy demand" which will be far beyond the maximum production
schedule which the Ford Motor Company has set—

And that means a Ford shortage even more acute than the one which
existed last Spring and Summer.

Dealers' stocks all over the country are low—there are no reserves to
draw upon to meet the demands for delivery—

There is no way in which dealer reserves can be built up, as deliveries
have been made to customers as fast as cars could be manufactured
since last April.

The only way you can protect your desire to obtain prompt delivery of
a Ford even at this time is to place your order immediately.

This emphasizes more strongly than anything we could
possibly say the necessity of your making prompt ar-
rangements with a Ford Dealer for the listing of your or-
der, particularly if you are contemplating the purchase
of a Ford Car or Truck for use this Spring or Summer.

We believe you are entitled to know these facts as they actually exist.
