Will Discuss Consolidation—

The consolidation of the rural school in District 26 with the Jerome Prairie school will be brought up for discussion at a meeting in District 26 on Friday. At the present time both districts are served by one-room schools and it is felt by a number of the parents that

their children could be served better by some scheme of consolidating two or more of the schools in the community and getting teachers for only two or three grades instead of having one teacher for all of the grades.

The world today, is figuring in dollars and cents value. No matter what we buy, we always ask ourselves if we got a good buy or in other words if we got value received.

THAT IS WHY THE SUPREME CHEVROLET IS SO POPULAR, because the Chevrolet owner KNOWS THAT HE GOT VALUE RECEIVED when he bought his Chevrolet.
