Old Timers—
After sixteen years continuously satisfying discriminating Kodakers, our finishing department is still turning out its work left before 9 a. m. at 5:30 p. m. Rowell, of course.

Children's Program Planned—

Chautauqua this year is going to be especially attractive for the children. To begin with, they will have two weeks of Junior Chautauqua work, instead of one. On May 21, a week before the regular sessions start, the advance representative will arrive in town, and will work with the children all that week, in preparation for the big Magic Lunar circus, which will come during the Chautauqua session. This circus will be different from any ever seen in Grants Pass, and every boy and girl in town will be anxious to take part in it. The story lady will be here to entertain the children with stories, as usual.

Quail Hit Pole—

A queer thing occurred this morning when two quail flying across Riverside avenue at the Gates Auto company building crashed into a telephone cable at the same instant and struck the sidewalk in front of B. T. DeLoach who happened to be walking along there at the moment. The birds came from the direction of Bear creek. They were flying swiftly and as they struck the cable broke their necks. The birds fell not two feet from each other. DeLoach picked them up and turned them over to Bill Coleman, deputy state game warden who made a present of them to William Hanna, Medford Mail-Tribune.

to wear a carnation, but owing to inability of florists to supply the one-day demand, the custom has changed, and now it is proper for each person to wear his or her mother's favorite flower.

Legion Guests at Picnic—

All members of the American Legion Auxiliary are asked to be present Wednesday night, at a picnic to be held in Riverside park at 6:30. Each Auxiliary woman is requested to bring a picnic basket, and the Legion will be the guests at the picnic supper. Following the supper, the regular business meeting will be held in the library clubrooms, with initiation of new members. 85

Worker Is Scalded—

C. D. Sullivan, working for Welch & McDougal, east of the city, was badly scalded Monday while washing the steam shovel. The nozzle of the hose came off, and Mr. Sullivan was scalded badly about the face, neck and chest before the water could be turned off.

Working in the vicinity of 11th Street and Broadway, our checker questioned 159 motorists concerning their preference in motor fuel. 67 used "Red Crown" exclusively, as against 26 for the nearest competing product—a lead of over 157%.

An all-refinery gasoline, every drop of which vaporizes rapidly and uniformly in the carburetor, giving quick starting, smooth acceleration and maximum mileage, "Red Crown" is the popular motor fuel throughout the Pacific Coast.

Watch for Stolen Car—

A Chandler bug, headed north, is being sought by local police, after word had been received that it was stolen in Yreka. The officers were on the lookout all afternoon for the machine as it was believed to be somewhere between Medford and Grants Pass.

Working Conditions Good—

Wages being paid in the mills and logging camps of northern California are on the increase, according to J. T. Logan, who has returned from a trip there. He found that day laborers were now commanding as high as \$5 a day with labor hard to get.

Sermon Is Announced—

A startling sermon is announced by Evangelist T. L. Thumler for tonight on the subject of "The Prophet's View of the Future of Protestantism", a prophecy which includes the United States. Evangelist A. Walker is also to be present for the services tonight, the meeting starting at 8 o'clock at the Seventh Day Adventist church on E street. A special musical program is arranged. The subject for Wednesday is "Who Changed the Sabbath?"; for Thursday, "The Lord's Day of the New Testament"; for Friday, "What is in the New Testament about Keeping Sunday?"; for May 12, "Five Thousand Signs seen in Grants Pass Telling of the Soon Coming of Jesus". The question, "Is an ecclesiastical machine now being built to take control of the political forces of this country in fulfillment of prophecy?" will be taken up.

Every Woman

—that bakes with Calumet—and there are millions of them—has learned three important baking facts.

First; that she never has any failures, which means no loss of time and material.

Second; that her bakings are always pure and wholesome, which goes a long way toward perfect health.

Third; that the greater than usual leavening strength of Calumet stands for economy because she uses less.
