No Accident Is Found—
There was apparently no truth in
the rumor of a collision on the Pa-
cific highway south of Rogue River,
states Alfred Letcher, who made a
trip along the road last night hunt-
ing for the place where the cars
were said to have collided. There
were absolutely no evidences of an
accident, he declares.

Don't Miss—
The big dance at Spence hall,
July Fourth. 22

Visit at Oregon Caves—
The Oregon Caves made an excel-
lent impression on William Duby,
chairman of the state highway com-
mission Thursday, states County
Judge Eclis Pollock who was at the
caverns with him. Mr. Duby was so
pleased that he stated his intention
of returning later in the summer
with Mrs. Duby for another visit at
the resort. With him was Roy
Klein, state highway engineer. Resi-
dent Engineer J. G. Bromley accom-
panied the party to the Caves.

Many Steelheads in River—
Although there have been no steel-
heads taken on the fly, with the ex-
ception of the one caught Wednesday

night by Jo McFadden, they are re-
ported to be quite numerous in the
river. The commercial fishermen
report that there are many steel-
heads coming up from the ocean.
Some of them are exceptionally large
as they are experiencing trouble go-
ing through the nets of the fisher-
men which are supposed to pass
everything except large salmon.

What's the Score—
Come to the fair grounds Sunday
afternoon and get it in by in-
ning. Ashland vs. Grants Pass, 3
o'clock. 23

Car Goes Over Bank—
Mr. and Mrs. B. F. Scherffus and
son, of Deer Creek, had an exciting
experience Thursday while coming
to Grants Pass, when their car turned
over without warning and went
off the grade about two miles south
of Waters Creek. The car went over
a grade of a few feet and turned
completely over but injured none of
the occupants. The car was righted
and again started for Grants Pass
but within 30 yards it again jumped
the track and went over, this time
breaking a rib for Mr. Scherffus.
The steering gear had been causing
trouble and the car was being
brought to town for repairs.

Baseball Next Sunday—
The Grants Pass ball club will
play here Sunday with the newly or-
ganized Ashland nine, which has not
yet had an opportunity of testing its
ability against an outside team. The
Ashland team is composed of some
old time players who have been seen
in the valley league previous to this
time. They expect to give the locals
a run for their money, as they want
a return match on July 4 at Ash-
land during their celebration. The
Grants Pass lineup will be the same
as is regularly played. A week from
Sunday Glendale will cross bats on
the local diamond with the Grants
Pass sluggers. The game Sunday
will start at 3 o'clock.

Wants Road Money—
M. M. McVay of the firm of Mc-
Vay & Hillier, of Crescent City, was
in Grants Pass Thursday, returning
from Portland, where he conferred
with the highway commission, with
reference to the improvement of the
road over Oregon mountain. The
road is in such a condition that tour-
ists are avoiding the route, and
everyone who travels that way has
an experience with the "worst roads
encountered." Mr. McVay announces
that his company will put up \$400
with the government's \$400 if the
Josephine county court will put up
another \$400. With \$1200 Mr. Mc-
Vay states that he can put the road
in very good condition. Everyone
who travels over the road sees the
need for some improvement.

Baseball Game Tonight—
The Standard Oil and Roundhouse
baseball teams will meet tonight at
the fair grounds ball park. The
Standard Oil men are preparing for
a surprise as the Railroaders have
effected a number of changes in
their lineup which are expected to
greatly strengthen their playing. The
Standard Oil team is still in the lead
for the league.

Dryden Meeting Held—
Mrs. William Martin's home at
Dryden was the scene of a success-
ful meeting given by the home dem-
onstration agent yesterday. The la-
dies, 22 being present from the Dry-
den community, were given instruc-
tions in the making of jellies and
jams by the use of fruit pectin.

Broccoli Pool Still Open—
The broccoli pool, which was sup-
posed to have been closed tomorrow
evening will be held open until Mon-
day evening, states County Agent
Howell. Due to an error in the let-
ters sent out to the growers in which
the wrong number of plants per acre
was given, it has been found neces-
sary to delay the closing. It has
been found that 4860 plants will be
needed to plant an acre. Many are
showing interest in the pool and it
looks as if several cars of the pro-
duct will be raised here next fall.

Told By The Bearings

THE expert repairman quickly sees
the difference in oils. The bear-
ings show it—and more plainly than
any theoretical discourse on qualifica-
tions. He sees the crankcase which
contained the oils that break down
under heat—that don't hold their
"body" under even normal conditions,
and before he looks at the bearings he
knows the story.

Then he sees the crankcase that has
been properly lubricated with Waverly,
All Pennsylvania, 100% Pure Motor
Oil. The bearings again tell their
story. Normal wear, of course, but
bright, snug and showing the mini-
mum of wear. That's why we sell and
recommend Waverly Motor Lubricants.
