HEAVY FINES ARE THREATENED

Police Judge Says Fire Truck Must Get Right of Way

Something interesting is promised to those drivers of automobiles and wagons, who refuse to get out of the way when the fire truck is hurrying to a blaze, stated City Police Judge H. H. Allyn this morning. In some instances these drivers refuse to give way and cause the large trucks to lose time and at the same time are seriously endangering both cars. Fines will be imposed if the practice is continued, states the police judge.

The fire chief, N. W. Cole, is also strong in his condemnation of the practice. Not only are the firemen endangered but any delay in the arrival of the fire truck may prove to be the amount of time needed for a fire to get beyond control. Saturday morning when the truck was called to a fire, there was a delay due to a wagon refusing to give up the road until the truck was almost upon it.

NURSES PUNISHED FOR WEARING BOBBED LOCKS

Worcester, Mass., Aug. 13.—(I. N. S.)—Nurses in the city hospital here must not bob their hair.

Thirteen nurses did and they are now paying the penalty.

Their punishment is they must not wear their caps while on duty; permissions which have been granted them from time to time to be away from the hospital all night have been revoked; they cannot go home after dark; they cannot sleep or even eat with the other nurses, and they must eat with the hospital aids.

How French Got Nicknames.
The nickname "frogs" was first applied to the people of Paris by the courtiers. The streets of the city were so quaggy that the inhabitants were nicknamed "Jean Crapaud," (John Frog); while the city was known as "Lutetia" or "Mudland."

Gets High Grades at O. A. C.—

Try to Break in Home—
An attempt was made Saturday night at about 12 o'clock to break into the home of S. L. Ross, on Evelyn avenue. It was frustrated when the J. E. Thompson family, next door, awoke and heard the would-be burglars at work. The lights were out, but a flashlight frightened the marauders away. They left their tools where they had been working at one of the windows.

Many Go Through Caves—
Sunday was the record day at the Oregon Caves, with 322 tourists and local people making the trip into the caverns. Although this is the largest number ever had there on a single day, little difficulty was found in caring for the visitors. The guides were kept busy the entire day and an extra group was sent through after hours. It is estimated that 160 cars went over the Caves highway yesterday. The dining room at Oregon Caves resort is finding increased patronage recently.

Gets Acquainted Quick—
H. E. McLain, associated in the Copper Queen mine with Henry M. Lancaster, got acquainted quick with the city. This morning he was standing on the street when two tourists asked information concerning the city in quick succession. Although Mr. McLain has been from Pittsburgh but a day he answered their queries satisfactorily and, according to some, a whole lot better than many local people could do the same. When asked where the information bureau was, Mr. McLain directed travelers to the Chamber of Commerce. He expected to leave this afternoon for his home in the east.

Judge Pollock Back—
While county officials were trying to get in touch with him at Crescent City to find out how ill he really was, County Judge Eclus Pollock was piloting his car over Oregon mountain. When he walked into the court house this afternoon, several of the officials nearly fell over with surprise. It was reported Saturday that he was quite ill in the coast city, but he states that he was not as badly off as reports indicated. He stopped there one day and came on back home, after traversing the roads down the coast from Marshfield. Mr. and Mrs. George Calhoun will remain at Crescent City for another week. Mrs. Pollock came back with the judge.

Demonstrates New Car—
The Grants Pass Auto company received the first 1924 model Buick today when M. H. Hutchinson returned from Portland with a drive-out. Emphasis is being laid on the efficacy of the new four-wheel brake, being used on the Buick this year. The car can be stopped within 117 inches, going 20 miles an hour when the brakes are applied, tests conducted in Portland prove. The model is built on French lines and is an extremely attractive car. The car driven down is a four-cylinder model and will be on display at the company's rooms for the next few days. A carload is expected about the first of the month.

Gas Shut Off Tuesday Afternoon—
The gas is to be shut off Tuesday afternoon from 2 to 4 on account of repairs. 64

Funeral Services Tomorrow—
Funeral services for Mrs. A. H. Engle, who passed away at the Portland Surgical hospital on August 10, will be held Tuesday morning at 9 o'clock at Hall's chapel, Rev. O. J. Law conducting the services. Interment will be at the Central Point cemetery at 11 o'clock, where short services are also to be held. The deceased is survived by her husband, A. H. Engle; a daughter, Mrs. William Bill, of Hamilton, Wash.; three sons, W. F. Piening, of Silver Lake, Ore., Chas. Piening, of Fresno, Cal., and Emmet Piening, of Chico, Cal.; and three brothers. She was 64 years, 10 months and 17 days of age at the time of death.

Laws Are Enforced—
Motorists are warned by the Automobile club of southern California that on September 1, which is only three weeks away, the new laws governing the operation of motor cars in California will go into effect. One of the new laws provides that hand signals indicating a turn can be given only from the left hand side of the car in the future. It is indicated that under the new motor vehicle act more rigid enforcement of the correct hand signals will be noticed. Another most important provision is that all vehicles must keep on the right hand side of the road while traveling.
