Come in and see our display of dishes and glassware.

**LLOYD & MANUEL**

### Cause and Effect.

Another reason why it is dangerous to leave your tonsils in place any longer is because the surgeon's car needs new cushions.—The Duluth Herald.

### Prefers a Mule.

"I give my preference to a mule over a horse," said Uncle Eben. "Whatever a mule's faults may be he never gets out on a race track and tempts you to bet on him."

### ADDITIONAL LOCAL

#### Horning Gets Caudymaker—

J. R. Bandon, of Milwaukee, Wis., will arrive here the middle of next month to take the position of candy-maker with Horning's Shack. He is bringing his family and expects to make Grants Pass his permanent home.

#### Cavemen Meeting Important—

Tonight's meeting of the Cavemen will be one of the most important held for several months as several matters of importance are to come up. One of these will be the matter of decorating the streets for Christmas, this being one of the annual customs of the city. It is not yet known how it is to be handled this year.

#### Mistletoe Ready to Ship—

The Boy Scouts of the city have been working hard this week getting out the ton of mistletoe ordered by the Pacific Fruit and Produce company of Portland. The greenery is of exceptionally good quality, the greater part of it being well berried. The Portland firm will sell the consignment on a commission basis, the boys to use their part of the proceeds for a trip to Diamond Lake next summer.

#### Much Interest in Club—

Much interest is being manifested in the radio club which was organized recently by radio enthusiasts of the city. Many are taking out memberships to assist in the work of the elimination of interference which at times makes broadcast reception impossible. The next meeting of the club will be held on Monday night and it is probable that an instructive talk on radio will be given by Harold Ottius.

#### Open Every Night—

See our big toy display. Smith's Racket Store.

#### Ships High Grade Ore—

The Holland mine near Holland is shipping a car of high grade ore, the first shipment of its kind ever made from this part of the state, according to the mine operators. This car of ore is consigned to the American Smelting and Refining company at Selby, Cal., and will be followed in a short time by another car. It is the intention of the owners of the mine to ship all high grade ore and at the present rate of production will ship at least one car per month. The mill at the mine will handle only the second grade ore.

#### Scratch Pads—

All kinds of paper and cut to size you want—10c lb.

### THOUSANDS HAVE "TOBACCO STOMACH"

The excessive use of tobacco is one of the most common causes of indigestion and stomach inflammation. Whether you smoke or chew makes little difference. The highly irritating juice of the weed swallowed with the saliva, often setting up an acute inflammation of the stomach which may end in gastritis or chronic stomach inflammation.

"Tobacco stomach" produces a number of distressing symptoms—first, a loss of appetite, then an occasional attack of indigestion. Perhaps your food sours at times and you notice a peculiar burning in the stomach. These attacks occur with greater frequency as time goes on. Finally, if neglected, the condition becomes chronic, resulting in loss of flesh and general poor health.

Smith Bros. M. A. C. Stomach Tonic has proven wonderfully successful in all forms of digestive trouble. It is sold on a positive, binding guarantee of money back if the first bottle fails to relieve stomach inflammation or dyspepsia. The very first dose should convince. Nothing on earth like it. You can get a large bottle for \$1.25. Couch's Drug Store will supply you. (Mail orders accepted). Adv.

#### Musical Scales.

A musical attachment to scales which would change its key if short weight were being given, has been suggested as a means for protecting customers from dishonest tradesmen.

Colored paper at the Courier.

**AT LAST:** An effective chemical fire extinguisher with an enameled steel bracket for \$2.00; never requires recharging unless used, in which case it will be recharged at the factory without cost to the purchaser.

Should fire break out in your home or your car what would you do? Decide now to be prepared for such an emergency, and call for a free demonstration of The "Fire Paralyzer" Fire Extinguisher.
