The affair will be given at the Hotel Medford and will consist of a turkey dinner with holiday music and entertainment, to be followed by a Christmas tree presided over by Santa Claus himself. In addition to the employees of the company and their families, there will be present over 100 little children as guests of the Copco forum.

Watch for Bad Checks—
The merchants of upper valley towns have been warned to be on the lookout for bad check artists. The police at Medford received a letter signed "A Friend" in which it was stated that a young check passer would be in that city on Saturday. It is claimed that he has been working in Corvallis, this city and other places. He is also said to have made the assertion that he would clean up Southern Oregon during the holidays. The check artist's method is to wait until the banks are closed and then present \$25 checks in payment for small purchases, getting back the change. His favorite business houses are drug stores and clothing stores. The bad check man is described as 18 years of age, six feet in height, light complexion, freckled, light brown eyes, brown hair, and usually wearing a whipcord overcoat and white rough neck sweater.
