

Open car when you want it —an enclosed car in 30 seconds

WITH the new-type Studebaker Duplex you may take your choice—ride in an open car if you like—enjoy the cool, fresh air and healthful sunshine.

Then in 30 seconds—without even leaving your seat—it can be changed to a deeply cushioned, richly appointed, fully protected enclosed car. It's no fuss or bother at all—simply lower the roller enclosures—it's so easy a child can do it.

No more hurried efforts to put up curtains in the wind and rain.

No more hunting for the right one while the storm beats in.

No more exposure through holes torn in

them while trying to obtain for the emergency the protection given by a closed car.

For in the Duplex the side enclosures are instantly accessible—yet rolled up safely out of the way when not in use.

If this two-fold utility were the only feature of the new Studebaker cars they would still be a sensational value—but there are many others.

New body lines—new beauty—more powerful engines—new ease of gear shifting—genuine balloon tires—and the easiest steering car you ever drove.

In justice to yourself—see this car today.

STUDEBAKER DUPLEX

THIS IS A STUDEBAKER YEAR

The Nation's Tribute to Wallace

The nation paid its final homage to Secretary of Agriculture Henry C. Wallace at brief funeral services in the east room at the White House before the remains were taken to Des Moines, Ia., for burial. President Coolidge and high government officials attended. The casket is seen here being borne to the hearse through a double file of cabinet members. The first man on the left is Rev. Dr. Wallace Radcliffe, the officiating clergyman.

Serves Humanity

RECORD DISASTER YEAR KEPT RED CROSS BUSY

In 192 Places in United States
Its Relief Operations
Cost \$737,603.

One hundred and ninety-two disasters resulting in 735 deaths and injury to 1,932 persons, rendering nearly 44,000 homeless and causing property losses estimated at more than \$44,750,000, established a new record in the United States in the year ended last June 30, according to reports of the American Red Cross. In all of these disasters immediately relief activity was applied by the Red Cross, which expended \$737,603.37 through the national organization and the local Chapters in assisting stricken communities.

As the nation's chief relief agency, whose service covers over 43 years, the Red Cross is expected to be on duty almost as soon as disaster strikes any locality. This trust and confidence is amply justified by the increasing equipment of the Red Cross, which recently organized a mobile disaster unit of experienced workers ready in all parts of the country to respond on the instant to a call for active duty. This unit is capable of operating in several disaster areas under one general direction, and recently was at work in seven communities in five states at the same time.

Ability, alertness and increasing skill of volunteer workers in more than 3,500 Chapters are reasons for the preparedness of Red Cross for disaster operations, be the call for a disturbance in a restricted local area or for millions in relief funds for a staggering catastrophe such as the earthquake in Japan.

The Red Cross, however, is far from being self-satisfied, for the organization is giving the most serious consideration to measures for preventing disasters. Its relief administration and rehabilitation policies have won for it nation-wide regard. That this important work can always measure up to every demand needs the continued support of the American people through Red Cross membership. The annual enrollment will begin Armistice Day, November 11, and every American is urged to join or renew membership in the Red Cross.

Help yourself by helping others with your dollar Red Cross membership. The dividend in good works is guaranteed.

JUNIOR AMERICAN RED CROSS ARMY 5,596,663

Children of 29,942 Schools Now
Enrolled in Movement of
Service to Humanity.

The American Junior Red Cross, which was organized as a children's auxiliary during war-times especially to help the young refugees in Europe, and to exemplify in peace-time the Red Cross ideal of service, has now a membership of 5,596,663 in the schools of the United States and the insular possessions.

This Junior movement gives opportunity for the children to share in Red Cross effort parallel to that of the parent organization. Juniors are therefore identified in varying degree with the health services, disaster relief work, salvage and other suitable activities of value to the operations of the Red Cross.

It is a valiant host marching on under its "I Serve" banner in the cause of happier childhood everywhere and particularly wherever the American flag flies. The enrollment embraces 29,942 schools and 147,486 school rooms, a gain over 1923 of 5,655 schools and 22,414 school rooms. The year's gain in membership was 769,462 children, or nearly 80,000 for each month of the school year.

The educational and social values of the Junior Red Cross movement is thus evidencing the firm and cordial endorsement of school authorities. The government has added the weight of recognition by extending the Junior Red Cross in the schools for American Indian children. The American Red Cross is also planning to develop the Junior program in 600 rural schools in isolated sections.

There is no abatement of the exchange of correspondence between schools in the United States and schools in the insular possessions and foreign lands. During the year the Junior Red Cross in part supported operations in twelve European countries. It is a potent influence for the cultivation of international goodwill and its example has been the means of stimulating the formation of Junior Red Cross societies in more than thirty countries.

RED CROSS RAISES \$10,000,000 IN 21 DAYS FOR RELIEF

Terrible catastrophes, such as the Japanese earthquake, prove the wisdom of the people in maintaining the American Red Cross as their national and international relief agency. The readiness of the Red Cross for duty in the greatest of emergencies was also proved by test.

The record shows: Sept. 3, President Coolidge assigns the duty of raising \$5,000,000 to the American Red Cross; Sept. 4, Red Cross Chapters in over 3,500 communities given fund allotments; Sept. 12, fund totals \$5,563,000; Sept. 17, fund nearly \$8,000,000 and President announces formal closing of campaign; Sept. 27, fund passes \$10,000,000 mark.

In 21 business days the Red Cross doubly performed the duty entrusted to it—all the while keeping a steady flow of relief supplies going out from many Pacific ports to the stricken areas in Japan. Thus was the confidence of the American people in their Red Cross justified and the wisdom of Red Cross preparedness to cope with an unprecedented relief emergency confirmed.

LANG models are made in a size and type for every stove use. Every patented feature is absolutely original and exclusive. Every woman who has used a LANG knows what real pleasure kitchen work can be.
