#### YOUR BIRTHDAY by Stella Wilder

Born today, you are one of the most vibrant and colorful individuals born under your sign. You are hard-working, imaginative and at all times loyal to those who pledge loyalty to you. Despite the fact that you may have many friends spread out over a wide area, you will always maintain contact with your close friends who have helped you through hard times, and whom you have helped in turn. Your friends, family members and loved ones are the keys to your happiness -- and, ultimately, your success, for they provide you with the stability you need to make it in a highly volatile world.

FRIDAY, JULY 27

**LEO (July 23-Aug. 22)** -- You may have to buckle down and pick up the pace today to keep a rival from threatening your dominance in a certain activity. Stay out in front!

**VIRGO (Aug. 23-Sept. 22)** -- You had thought that you were past a difficult patch,

but when you begin something today you'll realize that this is not quite so.

**LIBRA (Sept. 23-Oct. 22)** -- You may go through something today that teaches you, once more, that there is a time and a place for everything. Say only what you mean!

**SCORPIO (Oct. 23-Nov. 21)** -- Someone who seems to be just tagging along is actually paying close attention to you today -- so you must be sure to send the right signals.

**SAGITTARIUS (Nov. 22-Dec. 21)** -- A good mood mustn't be diminished by a situation you cannot control; you may have to deal with it, but you don't have to be affected by it.

**CAPRICORN (Dec. 22-Jan. 19)** -- You are going to have to search your conscience today to come up with the right answer to a question put to you by a certain friend.

**AQUARIUS (Jan. 20-Feb. 18)** -- You can address a quickly developing situation in a way that avoids any kind of serious conflict -- but you're going to have to act fast!

**PISCES (Feb. 19-March 20)** -- No matter

how hard you wish for things to be different, they will only change if you step up and do what you know needs to be done.

**ARIES (March 21-April 19)** -- You have some wiggle room today, and that's all you need to be able to salvage a situation that someone else labeled a lost cause.

**TAURUS (April 20-May 20)** -- You may encounter a situation that challenges you both mentally and physically -- if, indeed, you choose to engage with it at all.

**GEMINI (May 21-June 20)** -- You can do more working behind the scenes today than you can in the spotlight. Notoriety is less important than results.

**CANCER (June 21-July 22)** -- Once you have prepared for a coming challenge, you're going to want to let it all go for a while so you don't overthink things.
