## HOROSCOPES by Stella Wilder

FRIDAY, AUGUST 24, 2018  
**YOUR BIRTHDAY** by Stella Wilder

Born today, you find yourself in over your head far more often than you would like. Fortunately, you surround yourself with people who know how to set you back on the path to progress and success. You aspire to be much that you are not -- and that can work against you, for it often manifests itself in a kind of admiration and idolatry that pulls you away from your true self. You must learn to be who you are, for only then will you discover your destiny, and the ways in which you can fulfill it. Until then, however, it is best that you stick with those who have your best interest at heart, because you will need them again and again to come to your aid and show you the way.

**SATURDAY, AUGUST 25**  
**VIRGO** (Aug. 23-Sept. 22) -- Time is on your side today, but you cannot risk squandering it. Use it well and make a plan that you can stick to faithfully.

**LIBRA** (Sept. 23-Oct. 22) -- You don't

want to make anyone uncomfortable, but at the same time you have certain needs that must be addressed. What's the best way?

**SCORPIO** (Oct. 23-Nov. 21) -- You may not have reached your goal yesterday, but there's a very good chance that you can do so today -- and set a new one for yourself, too.

**SAGITTARIUS** (Nov. 22-Dec. 21) -- You have a certain key responsibility that must be met today, lest you find yourself going without something that you very much need.

**CAPRICORN** (Dec. 22-Jan. 19) -- You're going to have to jump through certain hoops today before you will be allowed to do the thing that you are prepared to do. Be patient.

**AQUARIUS** (Jan. 20-Feb. 18) -- Your ability to see beyond a certain obstacle will enable you to get past it in fine form today -- and lead others past it as well.

**PISCES** (Feb. 19-March 20) -- An accident is likely to alert you to a problem you have yet to solve. A friend points the way toward a solution you have yet to recognize.

**ARIES** (March 21-April 19) -- Things

seem to come in pairs today: opportunities, problems, hazards, etc. You should be able to prepare yourself for all of them.

**TAURUS** (April 20-May 20) -- You and a partner may hesitate slightly today as you decide who should take the lead and who should follow. You are both fully capable.

**GEMINI** (May 21-June 20) -- Your work is likely to rise to an new level today, winning you praise from someone who has been highly critical in the past. Opportunity beckons.

**CANCER** (June 21-July 22) -- What you see in your minds eye can be made real before the day is out, so powerful is your imagination and so effective your talent.

**LEO** (July 23-Aug. 22) -- You are able to put things in the right order today more than once, while helping others to recognize just what is the best way to progress.
