HOROSCOPES by Stella Wilder

SATURDAY, SEPTEMBER 15, 2018
YOUR BIRTHDAY by Stella Wilder
Born today, you have great ambition and tremendous desires that will help to steer you on your journey through life. You crave knowledge and know-how; you want to be recognized as one who is comfortable in all sorts of situations, doing whatever you may be called upon to do. You may have been quite studious as a child, often preferring alone time with your books to playtime with your friends. Later in life you will recognize the need to get out in the world to develop the many talents with which you have been endowed. It is not enough, after all, to read about something; you have to try it!

SUNDAY, SEPTEMBER 16
VIRGO (Aug. 23-Sept. 22) -- Something is likely to be finalized after a good deal of preparation and waiting. You've had your ducks in a row for a while now.

LIBRA (Sept. 23-Oct. 22) -- It's time for you to hit the road perhaps, if you're feeling like you've been standing in one place too long. Destinations beckon.

SCORPIO (Oct. 23-Nov. 21) -- You may have to go to greater lengths than usual today to get someone to do something that is often considered nothing but routine.

SAGITTARIUS (Nov. 22-Dec. 21) -- You may fall victim to a change of mood that throws you very much for a loop. Family members express concern and offer assistance.

CAPRICORN (Dec. 22-Jan. 19) -- You may receive a proposition of some sort that challenges your beliefs. Take the time to examine what this really means to you.

AQUARIUS (Jan. 20-Feb. 18) -- Productivity doesn't depend on you being in the center of the vortex today; indeed, you can get a great deal from a distance at this time.

PISCES (Feb. 19-March 20) -- It's a good time to show your appreciation for something that a friend has been doing for you for quite some time. Wait no longer.

ARIES (March 21-April 19) -- You're picking up the pieces after someone else makes a mess of things, but it's not the disaster you had feared. Progress is quickly made.

TAURUS (April 20-May 20) -- First impressions mean more today than usual. You have what it takes to get things done without collecting a team of experts; trust yourself.

GEMINI (May 21-June 20) -- You may come upon a barrier that wasn't meant for you, but that stands in your way just the same. You have an effective solution at the ready.

CANCER (June 21-July 22) -- You and a friend may have to turn to a third party to solve a problem that both of you had a hand in creating. Heed the advice of an elder.

LEO (July 23-Aug. 22) -- You can have more than you bargained for today -- and you can make sure, too, that what you get is very much what you wanted. Luck plays a role.

ARIES (March 21-April 19) -- You've been spinning your wheels lately, and today you'll want to feel like your efforts are producing results. A helping hand is offered.

TAURUS (April 20-May 20) -- You may want to write things down today in order to organize your thoughts before expressing them to someone who may not take them well.

YOUR BIRTHDAY by Stella Wilder
Born today, you are something of an up-and-comer, for you are continually finding new opportunities that require you to change course and start from the ground up. Like so many Virgo natives, you love to learn; you must absorb new information almost daily in order to maintain a positive outlook and a true understanding of yourself and the world in which you live. You insist on being treated fairly and will work tirelessly to ensure that you and others are in no way being short-changed or undervalued. You may pursue a career in the law, but it's not a vocation that will consume you or keep you interested. Indeed, even when you are "the best" at something, it's not likely that you will always do it.
MONDAY, SEPTEMBER 17
VIRGO (Aug. 23-Sept. 22) -- You may not understand yet that you are the butt of someone's joke -- but when you do, you can defuse the situation by laughing as hard as others.
