HOROSCOPES by Stella Wilder

SATURDAY, NOVEMBER 24, 2018
YOUR BIRTHDAY by Stella Wilder
Born today, you often seem not to know just where you are meant to be at any given time, or what you are meant to do with your talents, which will lead you on many journeys as you attempt to discover just how you might best serve yourself and the world in which you live. You have been endowed with a sense that you were meant for something "important," and that will drive you forward even when you are feeling most challenged by life. What you are likely to discover at some point, however, is that it is not the destination that is most important to you, but the search -- and that wherever you may find yourself is the right place for you at that time.

SUNDAY, NOVEMBER 25
SAGITTARIUS (Nov. 22-Dec. 21) -- The more open you are about how you are feeling, the more others are likely to accept whatever you say and do. You can win the crowd!

CAPRICORN (Dec. 22-Jan. 19) -- The

rules don't really feel like they were made for you or apply to your immediate situation. You must follow them, however.

AQUARIUS (Jan. 20-Feb. 18) -- The busier you keep yourself today, the more likely you are to overlook how you are feeling about a problem you are unable to solve.

PISCES (Feb. 19-March 20) -- Don't make the mistake of thinking that the solution you've hit upon right now is a permanent one. It will take you only so far, that's all.

ARIES (March 21-April 19) -- A rival is active in places with which you are not familiar, and he or she may do damage that will only come to light later. Get to work!

TAURUS (April 20-May 20) -- You must tend to routine affairs before you start working on something special. A friend is able to keep you on the right track today.

GEMINI (May 21-June 20) -- You will want to heed the warnings that come your way today, lest you fall prey to the dangers that have plagued others in similar situations.

CANCER (June 21-July 22) -- You may find many familiar things and situations to be unusually annoying today. This should tell you that a change is in order -- but what kind?

LEO (July 23-Aug. 22) -- You will want to do things according to the schedule that has been created for you today. Trying to do your own thing can prove problematic.

VIRGO (Aug. 23-Sept. 22) -- You have many reasons to pick up the pace today. Focus on something that has been brought to your attention by a teammate. Give thanks!

LIBRA (Sept. 23-Oct. 22) -- You can turn many things to your advantage today, but the one thing that is most consuming to you is something that cannot be controlled.

SCORPIO (Oct. 23-Nov. 21) -- The attention you get today may be the wrong kind, but if you assess the situation you can turn critics into supporters in no time.

SUNDAY, NOVEMBER 25, 2018
YOUR BIRTHDAY by Stella Wilder
Born today, you thrive on brief moments of intense interest and involvement. They don't have to last long, but they are likely to have a lasting impact on you and your view of the world. You are eager to share what you learn with others, and you may at some point discover that the teaching profession satisfies your need to connect in a way that no other outlet can. Wherever you go and whatever you do, you will always be open to new lessons provided by different people and different experiences. Always remember that the more accessible you are to life's opportunities, the more you will benefit from your passage through time and the world at large. You enjoy setting out on any journey, whether for business or for pleasure.

MONDAY, NOVEMBER 26
SAGITTARIUS (Nov. 22-Dec. 21) -- You and a compatriot have something up your sleeves -- but not all is as it seems. You must be sure everything is on the up and up.

CAPRICORN (Dec. 22-Jan. 19) -- You are positioning yourself to some advantage at this time, but you're not likely to get the recognition you think you deserve -- yet.

AQUARIUS (Jan. 20-Feb. 18) -- You can put your knowledge to very good use today, but you mustn't think you know it all. There's more learning to be done, surely!

PISCES (Feb. 19-March 20) -- Hard work is what awaits you today if you choose to join forces with someone whose ideas are like your own -- but that suits you just fine!

ARIES (March 21-April 19) -- You may be inspired by someone who seems to do everything so easily -- but the truth is that he or she works just as hard as you do.

TAURUS (April 20-May 20) -- Putting it all on the line comes naturally to you -- especially right now, when there is so much opportunity coming your way.

GEMINI (May 21-June 20) -- What you hear through the grapevine may have you thinking ill of someone else who is close to you. You mustn't believe everything you hear!

CANCER (June 21-July 22) -- Assignments come your way today that seem to suit both your abilities and your interests. You can make something of this opportunity.

LEO (July 23-Aug. 22) -- The more objective you can be, the better -- especially when it comes to a situation that most others are looking at entirely subjectively.

VIRGO (Aug. 23-Sept. 22) -- You and a friend may sense rising tension in a situation that has been devised to pull you apart. You mustn't be fooled by another's shenanigans.

LIBRA (Sept. 23-Oct. 22) -- You are eager to complete the tasks that fall to you today, but you mustn't overtax yourself. Pay attention to what your body is telling you.

SCORPIO (Oct. 23-Nov. 21) -- You've come to expect more of a certain friend than usual at this time -- and he or she can certainly satisfy you, especially behind closed doors.
