HOROSCOPES by Stella Wilder

SATURDAY, DECEMBER 15, 2018
YOUR BIRTHDAY by Stella Wilder

Born today, you can be a rather brash and aggressive individual, yet you may just as easily adopt a quiet, passive stance if you feel it is necessitated by prevailing circumstances. You are quite adept at making plans of all kinds, but you are no less comfortable "winging it," and you may enjoy your greatest successes as a result of improvisation. When it comes to your personal relationships, however, you may want to work on being more consistent in your behavior; to be one thing and then another without warning, willy-nilly, can be quite confusing and disheartening to those who deal with you!

SUNDAY, DECEMBER 16

SAGITTARIUS (Nov. 22-Dec. 21) -- Too soft or too loud -- either one is sure to work against you today, so you'll want to moderate your delivery for maximum effect.

CAPRICORN (Dec. 22-Jan. 19) -- You've been learning from another, but today you'll

want to try something entirely on your own. Your first attempt may fall short.

AQUARIUS (Jan. 20-Feb. 18) -- You may have to be reminded of a few things today before you get yourself entirely on track. Never fear; others have your back.

PISCES (Feb. 19-March 20) -- Your enthusiasm for a certain project is likely to spread to those around you today; the team you assemble can surely be top-notch.

ARIES (March 21-April 19) -- You are facing a complicated situation; before you jump in, you'll want to carefully assess certain peripheral circumstances.

TAURUS (April 20-May 20) -- You have a choice today between doing something a new way and doing it in a way that is more comfortable for you. Experiment a bit.

GEMINI (May 21-June 20) -- You'll be inspired by someone who has shown you how it's done on several occasions in the past. Now it's your turn!

CANCER (June 21-July 22) -- You'll win

mixed reactions today when you do something that some have warned you against doing. Your success may attract criticism.

LEO (July 23-Aug. 22) -- You may not be able to see something through to its conclusion today because of other responsibilities. Assign a trusted friend to take over.

VIRGO (Aug. 23-Sept. 22) -- You'll be challenged today by situations that arise quickly and change almost as soon as you are aware of them. Flexibility is the key.

LIBRA (Sept. 23-Oct. 22) -- The more you get right today, the more likely someone will try to stump you with an impossible challenge. You can make a game of it.

SCORPIO (Oct. 23-Nov. 21) -- Overconfidence can lead you astray today; be realistic in your assessment of the situation you face, and of your abilities.

SUNDAY, DECEMBER 16, 2018

YOUR BIRTHDAY by Stella Wilder

Born today, you are in many ways a force of nature -- one of those whose inner strength and vitality are such that virtually nothing can prevent you from accomplishing what you have your heart set on doing. Because you feel things so deeply, you can be both a best friend and a worst enemy -- often with the same individual! Just as you are quick to anger, however, you are also quick to recover and re-establish amicable relations with others. Still, there are those who are not able to adjust to your shifts in mood with such alacrity. You can be impulsive and must take care that you do not endanger others by doing something without thinking.

MONDAY, DECEMBER 17

SAGITTARIUS (Nov. 22-Dec. 21) -- Progress is made today in very small increments -- but you shouldn't underestimate where small steps can take you. Personal power increases.

CAPRICORN (Dec. 22-Jan. 19) -- A situ-

ation arises today that pits you against someone who is more prepared than you are. Start slowly and build a head of steam.

AQUARIUS (Jan. 20-Feb. 18) -- Despite the fact that the path you are on is taking you uphill, you can still make considerable progress. Pace yourself as you climb.

PISCES (Feb. 19-March 20) -- The light you see at the end of the tunnel will pull you through several obstacles today. You are able to overcome what has stopped others.

ARIES (March 21-April 19) -- Try to address one problem at a time today, and you'll be able to solve each in the appropriate way -- and perhaps permanently.

TAURUS (April 20-May 20) -- The advice you are getting from friends in similar situations is good, but your unique situation may prevent you from heeding it just now.

GEMINI (May 21-June 20) -- Someone close to you may be feeling overwhelmed at this time; you can provide assistance while tending to your own immediate needs.

CANCER (June 21-July 22) -- You and a

rival may come face to face today; the result of this encounter is sure to surprise you both, as you each make a key discovery.

LEO (July 23-Aug. 22) -- You mustn't just sit back and react to things that happen to you today; get out there and exert influence and you can make things happen instead!

VIRGO (Aug. 23-Sept. 22) -- There's an opportunity for you out there somewhere, and it's very close, in fact. There is much you can do today to prepare for it.

LIBRA (Sept. 23-Oct. 22) -- The way a loved one reacts to your efforts today makes you wonder if you're really doing the right things. Talk about this openly.

SCORPIO (Oct. 23-Nov. 21) -- You can make simplicity work for you in such a way that it seems, to others, to be unusually complex. You needn't reveal your secrets!
