HOROSCOPES by Stella Wilder

SATURDAY, DECEMBER 29, 2018 YOUR BIRTHDAY by Stella Wilder Born today, you are something of a busy-body, always wanting to know what is happening behind the scenes. You are not merely nosy; however, you will spare no expense to learn all you can about the inner workings of anything that captures your attention. Despite this general interest in what makes things tick, you are likely to discover a single interest that takes precedence over all others when it reveals itself. You are likely to discover that you have untapped talents as well -- and as a result you can do much fine work, even if it means adopting a second career. SUNDAY, DECEMBER 30 CAPRICORN (Dec. 22-Jan. 19) -- An ally steps up and proves his or her worth -- and you may find yourself in a position of greater authority when night falls. AQUARIUS (Jan. 20-Feb. 18) -- You want to be completely natural today, so you mustn't try to plan everything to the last detail. Let things develop organically when you can. PISCES (Feb. 19-March 20) -- You can do everything with a bit more panache than usual today. Someone who is already in your corner develops stronger feelings for you. ARIES (March 21-April 19) -- A personal injury can be avoided today if you do what you are expected to do in a way that is accepted as proper. Don't be resistant. TAURUS (April 20-May 20) -- You may not have hit upon the perfect solution to a current problem, but that will come. Right now, you simply need to take firm action. GEMINI (May 21-June 20) -- What you've been contemplating for some time can finally be put into action -- if you are willing to take a certain calculated risk. CANCER (June 21-July 22) -- A little nostalgia does you a world of good today as you remember the good feelings you had in a situation similar to the one you're now in. LEO (July 23-Aug. 22) -- It's a good day to hang out and get in touch with some feelings that you've been neglecting of late. A couple of friends offer guidance. VIRGO (Aug. 23-Sept. 22) -- You're trying to raise the bar at this time, and yet you may get resistance from someone who doesn't want to work that hard. Insist! LIBRA (Sept. 23-Oct. 22) -- You may find that, although the road before you is clear, you're unable to progress as quickly as you had hoped. You are holding yourself back. SCORPIO (Oct. 23-Nov. 21) -- It's a good day to lay the groundwork for something that, if it develops as planned, will be long admired. Be thorough! SAGITTARIUS (Nov. 22-Dec. 21) -- You may find yourself dealing with someone who is unwilling to recognize that he or she has anything in common with you. SUNDAY, DECEMBER 30, 2018 YOUR BIRTHDAY by Stella Wilder Born today, you are quick to assess almost any situation. Your ability to see around corners and far into the distance to anticipate coming events will certainly serve you well, raising you to dizzying heights in your chosen field. Take care, however, for if you ever begin to think of yourself as infallible or invulnerable, you are likely to fall from those great heights. You must always look at yourself with a clear eye; that ability to see the truth is nowhere more valuable than when you are assessing yourself! MONDAY, DECEMBER 31 CAPRICORN (Dec. 22-Jan. 19) -- A long-distance collaboration works out better than expected. Think what you can do, very soon, face-to-face in the same room! AQUARIUS (Jan. 20-Feb. 18) -- Things aren't likely to be as quick or easy as you had hoped, but you can get by if you trust your instincts. Don't try to be too clever! PISCES (Feb. 19-March 20) -- You have more than one good reason for doing what you must do today -- but someone will surely object despite the strength of your position. ARIES (March 21-April 19) -- Your outlook is good, and your vision of the future is clear and detailed. All you have to do right now is put things into motion. TAURUS (April 20-May 20) -- An option you had turned down only yesterday proves far more attractive today. This signifies a change in perspective, but what's the reason? GEMINI (May 21-June 20) -- Your ability to put things in the plainest possible terms comes in handy all day long as you persuade others of the value of your position. CANCER (June 21-July 22) -- You must be willing to take things in a new direction today. Someone close to you is dubious, but he or she will understand your need to act. LEO (July 23-Aug. 22) -- Your relationship with a family member, while always complicated, is likely to take an unusual turn today. A hidden influence is at play. VIRGO (Aug. 23-Sept. 22) -- You may be flooded with information throughout the day, but only some of it is truly pertinent and can be applied to your situation. LIBRA (Sept. 23-Oct. 22) -- You may receive news from a friend or family member that requires you to reconsider your plans for the next few days. SCORPIO (Oct. 23-Nov. 21) -- As you face a certain inevitability, all options must be on the table today. A friend alerts you to a surprising turn of events. SAGITTARIUS (Nov. 22-Dec. 21) -- News you receive today may not sit well at first, but you will soon recognize an opportunity where at first there seemed to be none. (EDITORS: For editorial questions, please contact Gillian Tava at gta@starmag.com.)
