YOUR BIRTHDAY by Stella Wilder

Born today, you are often able to walk that fine line between what you know to be good and what you know to be bad, and your life is a continual exercise in leaning as far as you can one way or the other without falling over.

The reason for this is that you recognize that life is not black and white, so you commit to nothing 100 percent and are always ready to turn around and go the other way. Others may find this troubling, but that concerns you very little; you can remain strong even when others are against you.

SUNDAY, JANUARY 27

AQUARIUS (Jan. 20-Feb. 18) -- A difficult situation requires more than a cursory examination; look at it closely, and from as many different angles as possible.

PISCES (Feb. 19-March 20) -- You may not be in the mood for what you know is coming today -- but if you adjust your attitude a little, you'll be able to face it head-on.

ARIES (March 21-April 19) -- Change is in the wind, and you must be ready for it whether you are directly affected or not. Someone offers you an unusual choice today.

TAURUS (April 20-May 20) -- You're not going to give away all your secrets today, but in one case at least you're perfectly willing to reveal your "trick."

GEMINI (May 21-June 20) -- As the time passes today, you'll become more aware of what you have yet to do. There's no reason why you cannot pick up the pace.

CANCER (June 21-July 22) -- You may discover that something is not working quite right for you, while it serves someone else perfectly. You must determine why.

LEO (July 23-Aug. 22) -- You must leave no stone unturned today as you search for the cause of something that you will be dealing with for quite some time.

VIRGO (Aug. 23-Sept. 22) -- Exploration of new and unfamiliar territory leads to a few important discoveries about yourself and

about someone very close to you.

LIBRA (Sept. 23-Oct. 22) -- You are expecting things to turn out a certain way, of course, but you must be ready to deal with things that turn out quite differently as well.

SCORPIO (Oct. 23-Nov. 21) -- You may think you are running out of ideas, but you're simply going through a quiet phase in anticipation of increased creativity.

SAGITTARIUS (Nov. 22-Dec. 21) -- Your behavior may not win the approval of those in charge today, but neither is it so objectionable that you'll be ordered to stop.

CAPRICORN (Dec. 22-Jan. 19) -- You may be faced with a lack of continuity today; be ready to deal with things in a seemingly random manner. Nightfall brings some answers.

SUNDAY, JANUARY 27, 2019

YOUR BIRTHDAY by Stella Wilder

Born today, you have a habit of stumbling into situations that turn out remarkably well for you, even though you may not always know what you are doing! Luck is a major factor in your success, but that isn't meant to discount the considerable level of skill that you bring to almost every endeavor. Timing, too, is likely to prove essential to you as you move through the world, for you are not the kind to do much planning; you simply go where your instincts tell you to go. You are young at heart, and even in your later years you are likely to be mistaken for one much younger than you really are. Your secret, of course, is enthusiasm.

MONDAY, JANUARY 28

AQUARIUS (Jan. 20-Feb. 18) -- Keep everything aboveboard today; any attempt to do something secretive is likely to backfire on you. Show and tell reveals much.

PISCES (Feb. 19-March 20) -- What you try to do to a rival today is likely to be done

to you in return -- and that is not something you are ready to deal with just yet.

ARIES (March 21-April 19) -- A certain friend or partner is likely to communicate with you in an indirect manner today; you must be ready to decipher coded messages.

TAURUS (April 20-May 20) -- Once you get started today, you'll find it difficult to stop; your enthusiasm for the competition that is building will increase greatly.

GEMINI (May 21-June 20) -- You have more at stake today than you may have recognized. A friend holds the key to a mystery that must be solved before this day is out.

CANCER (June 21-July 22) -- Take care that you are not so independent today that you are unable to work with others when required to do so. You must get along.

LEO (July 23-Aug. 22) -- Several ideas may have to be examined and dismissed today before you hit on one that can serve you and others well during this tricky time.

VIRGO (Aug. 23-Sept. 22) -- Others are likely to join you in your efforts today. Take

care that you don't try to take on too much, however; expectations must be realistic.

LIBRA (Sept. 23-Oct. 22) -- You're likely to find yourself in first place on at least one occasion today; are you able to turn that into a sustainable lead?

SCORPIO (Oct. 23-Nov. 21) -- That which is of most value to you isn't likely to translate to another, but this needn't result in any lasting rift, certainly.

SAGITTARIUS (Nov. 22-Dec. 21) -- You've made plans that can pay off handsomely, but not today, perhaps. There is something missing that is the key to the whole business.

CAPRICORN (Dec. 22-Jan. 19) -- You may have to push back against someone who is demanding too much of you right now. Things must be kept fair and equal at all times.
