YOUR BIRTHDAY by Stella Wilder
Born today, you can be quite difficult to collaborate with, if for no other reason than you think you know better than anyone else what must be done in any given situation. You are not always correct, of course, but that doesn't affect your confidence or your manner; you charge ahead believing that you are in the right, even on those rare occasions in which you are dead wrong. You have many talents, and you are dedicated to the accumulation of knowledge of all kinds; indeed, the more trivial something may seem, the more likely you are to dedicate yourself to its full exploration.
WEDNESDAY, MARCH 6
PISCES (Feb. 19-March 20) -- You cannot believe everything you hear, certainly, but deciding what is honest and what is not may be harder than usual today.
ARIES (March 21-April 19) -- Get your priorities straight today. Focus on those things that will, when completed, move you forward at a steady pace.
TAURUS (April 20-May 20) -- You cannot afford the kind of careless errors that one less experienced than you might make. Be diligent and attentive; complete all tasks.
GEMINI (May 21-June 20) -- You have much to look forward to at this time, but you're not likely to enjoy it when you get there if you're not fully prepared.
CANCER (June 21-July 22) -- An opportunity is presented to you today, but with it comes a warning. You'll want to be sure that you're not walking into some kind of trap.
LEO (July 23-Aug. 22) -- You must settle for no less than what you really want today. You can have it, provided you can identify it and communicate your desire to others.
VIRGO (Aug. 23-Sept. 22) -- You may be steered in the right direction to begin with, but eventually you're going to have to complete the journey on your own today.
LIBRA (Sept. 23-Oct. 22) -- You can make up for lost time today if you start early and work late. By day's end, you'll be thanking yourself for putting in extra effort.
SCORPIO (Oct. 23-Nov. 21) -- You want to follow your instincts and see where they will lead, but on at least one or two occasions you must simply go where you are told.
SAGITTARIUS (Nov. 22-Dec. 21) -- You may become involved today in something that threatens to careen out of control if you are not careful.
CAPRICORN (Dec. 22-Jan. 19) -- A tricky situation requires you to look both forward and back in order to assess its immediate importance. Can you let it slide?
AQUARIUS (Jan. 20-Feb. 18) -- The pressure is greater today than usual, but you can resist it just enough to keep yourself from falling victim to a secondary threat.
