HOROSCOPES by Stella Wilder

THURSDAY, MARCH 7, 2019

YOUR BIRTHDAY by Stella Wilder

Born today, you have an inimitable style, which will serve you well, personally and professionally, throughout your lifetime. You are not one of those impatient individuals who thinks he or she is entitled to anything; you believe firmly in earning the rewards that come your way. You are likely to make quite a name for yourself in the profession of your choice, though that choice may actually be made for you as a result of circumstances that you cannot control. Ultimately, however, you are destined to enjoy the kind of success that others envy -- if you let it come in stages, incrementally.

FRIDAY, MARCH 8

PISCES (Feb. 19-March 20) -- Any concerns you may have had about a coming event are likely to evaporate today as you realize that your preparations are complete.

ARIES (March 21-April 19) -- You mustn't indulge in any negative emotions today; take the high road and leave regret, guilt and jealousy to those who can afford them.

TAURUS (April 20-May 20)

Your unique perspective puts you head and shoulders above others who are trying to come to terms with the same issues. Share what you know!

GEMINI (May 21-June 20)

Take the time to make accurate records of what happens today. You'll want to remember even the little things and maybe make some money!

CANCER (June 21-July 22)

Now is no time to push others into something you are reluctant to become engaged with yourself. Treat them as you would be treated.

LEO (July 23-Aug. 22)

You may have trouble shaking the fatigue you feel upon waking. Schedule your day accordingly, and don't try to do too much at any one time.

VIRGO (Aug. 23-Sept. 22)

Experimentation can result in something of great value today, but you don't want to share what you learn with others just yet.

LIBRA (Sept. 23-Oct. 22)

You're not likely to get ahead today by following the

SCORPIO (Oct. 23-Nov. 21)

You are not interested in doing things the old-fashioned way today, but you're not ready to unveil a new method. Wait a little longer.

SAGITTARIUS (Nov. 22-Dec. 21)

Safety is an issue, but it's not of such unusual import that you must call off something you've been looking forward to for some time.

CAPRICORN (Dec. 22-Jan. 19)

You'll know when you've done enough today; when that time comes, you'll eagerly put down your work and turn your attention to something fun.

AQUARIUS (Jan. 20-Feb. 18)

You may be introduced to something that captures your imagination. You'll be eager to explore this further when you can find the time.
