YOUR BIRTHDAY by Stella Wilder

Born today, you are never one to sit back and watch the world go 'round when you could jump up and join the fun. You are always looking for the next opportunity, the next chance to get busy and the next memory to build. You are only happy when you can follow your instincts -- and your own personal bliss -- and do those things that feed your soul. To you, activity itself is more important than consistency or continuity. Keeping busy and getting involved, whether or not it leads to anything lasting, is what really matters to you.

TUESDAY, APRIL 9

ARIES (March 21-April 19) -- Work you do today can have a lasting impact tomorrow, even though you may be frustrated by a lack of clarity or certainty at this time.

TAURUS (April 20-May 20) -- When you start is less important than how you start; be sure to take that first step in a confident manner.

GEMINI (May 21-June 20) -- A part of you wishes you could simply wander about and take in the sights and sounds, but you know better than that. There's work to do!

CANCER (June 21-July 22) -- You are perhaps too concerned with the notion of "normal" today. You're sure to encounter things that defy that categorization.

LEO (July 23-Aug. 22) -- You've come up with many plans and formulas that you can apply to the day's events, but the simplest is sure to prove most effective.

VIRGO (Aug. 23-Sept. 22) -- A parting of the ways is not the end of something memorable, but the beginning. And you can be sure you'll be reunited when the time is right.

LIBRA (Sept. 23-Oct. 22) -- Don't make the mistake of thinking that the same old methods will win you the same good results. Today you must try something different.

SCORPIO (Oct. 23-Nov. 21) -- Your fears are sure to be allayed today when someone speaks to you in a way that you do not expect. He or she holds you in high esteem.

SAGITTARIUS (Nov. 22-Dec. 21) -- You may suspect that something "permanent" is actually quite temporary, and this is a likely truth that you can certainly work with.

CAPRICORN (Dec. 22-Jan. 19) -- You're likely to be called upon to step in for someone who is indisposed at this time. Be sure to get your own work done as well.

AQUARIUS (Jan. 20-Feb. 18) -- Finishing a project may prove difficult right now, as there are many loose ends to tie up and you're the only one who sees the big picture.

PISCES (Feb. 19-March 20) -- You may have to work more closely than usual with someone who is at times a partner and at times a rival. You both can benefit right now.
