HOROSCOPES by Stella Wilder

WEDNESDAY, APRIL 10, 2019
YOUR BIRTHDAY by Stella Wilder
Born today, you are one of the most hard-working and committed individuals born under your sign; if you take something on, you can be relied upon to finish it, no matter what comes. Indeed, you often do best in situations where the cards are stacked against you. You have a keen eye, a clear head and the ability to hear the true meaning behind even the most casual remarks. You know what is going on in the world without having anyone offer explicit explanations. You have a way of adding things up and making deductions in ways that give you a very accurate picture of the world and the people in it.
THURSDAY, APRIL 11
ARIES (March 21-April 19) -- You may be struck by a memory to which you react in the strangest and most unexpected ways. What message are you sending yourself?
TAURUS (April 20-May 20) -- What someone offers today almost by accident makes the difference between success and

failure -- at least for you. A new phase is about to begin.
GEMINI (May 21-June 20) -- You're inspired by someone who has been facing all manner of difficulties and demons. Today you can put something you've learned to good use.
CANCER (June 21-July 22) -- You may have trouble focusing on the key issues today, and you'll have to ask yourself why you're so easily distracted right now.
LEO (July 23-Aug. 22) -- You're eager to break from tradition and do something entirely unique and born of your own desire to explore new things in your own new way.
VIRGO (Aug. 23-Sept. 22) -- You require clarification today before heading off on a journey that will require you to fulfill certain expectations. What are they exactly?
LIBRA (Sept. 23-Oct. 22) -- Is the support you are getting from others really doing for you what you had hoped? Perhaps it's time to assemble a new team around you.
SCORPIO (Oct. 23-Nov. 21) -- You aren't

likely to realize until very late in the day just how far you are from your intended destination. Can you get there at all?
SAGITTARIUS (Nov. 22-Dec. 21) -- You're eager to make a statement today, and you know that you must let actions speak for you. What to do becomes clear quite suddenly.
CAPRICORN (Dec. 22-Jan. 19) -- You're feeling somewhat put out today, and there's no time for such negative emotions. You must assert yourself in a positive manner.
AQUARIUS (Jan. 20-Feb. 18) -- Information must pass freely back and forth throughout the day. You'll have a chance to interpret it later from your own viewpoint.
PISCES (Feb. 19-March 20) -- You may do more damage trying to protect someone from a perceived danger than you can from preparing him or her to face it directly.
