For your protection call 503-967-6291 or visit our website: www.lcb.state.or.us to check the license status before contracting with the business. YOUR BIRTHDAY by Stella Wilder

Born today, you like to forge your own path, whether in your personal life or your professional affairs -- though when it comes to your work you can, with far more facility, get along with others, follow instructions and work in tandem with those around you than you can in your personal life. Indeed, you may seem to some to be different people so different is your approach at times. At work, you can be conventional and even quite conservative, flying under the radar most of the time. In your private life, you are much more colorful and much less willing to follow the rules that others have set or adhere to the kinds of morals and mores that have been established by society as a rule.

SATURDAY, APRIL 27

TAURUS (April 20-May 20) -- The trouble you've had in recent days should not occur today. Things are looking up, especially where a certain relationship is concerned.

GEMINI (May 21-June 20) -- You must

give yourself more time to get updated on something that will be very important in your life in just a few days.

CANCER (June 21-July 22) -- Your close friends are concerned about you right now, but for reasons that don't seem to make sense to you. Are you really hearing them?

LEO (July 23-Aug. 22) -- You feel that you are nearing the finish line at last, but you still have to pass a rival who is giving it more and more as you close the gap.

VIRGO (Aug. 23-Sept. 22) -- One promise is broken today while another is fulfilled. You can count this as a good day, as you emerge unscathed from a difficult situation.

LIBRA (Sept. 23-Oct. 22) -- Now is the time for you to give your all to something about which you've been somewhat reluctant recently. You can shed all doubts today.

SCORPIO (Oct. 23-Nov. 21) -- You know what your responsibilities are, but you may not know when you are supposed to swing into action. Follow another's lead.

SAGITTARIUS (Nov. 22-Dec. 21) -- You

feel that you're in a rut, but in fact you're just lying low until you have what it takes to mount a very successful comeback.

CAPRICORN (Dec. 22-Jan. 19) -- You can work well with someone else or on your own, but know that working on your own today will prove very draining. Options are many.

AQUARIUS (Jan. 20-Feb. 18) -- You must think things through carefully before putting a plan into motion. Once the train has left the station, there's no stopping it.

PISCES (Feb. 19-March 20) -- You've waited long enough; now is the time to do the one thing that will make your day -- no matter what anyone else may say. Take the risk.

ARIES (March 21-April 19) -- Once again, you're looking at things today from a perspective that is somewhat skewed. It's important to recognize that not all is as you expect it to be.
