HOROSCOPES by Stella Wilder

SATURDAY, MAY 4, 2019

YOUR BIRTHDAY by Stella Wilder

Born today, you have many capabilities, many talents, many skills, and many interests, and as soon as someone tries to pigeonhole you, you will no doubt do something that highlights the shortsightedness of that person's summation of you. The truth is, you are far more than the sum of your parts, but then, who isn't? You are stylish, graceful, easygoing, well-spoken and charming; you can also be very comfortable going abroad in your pajamas and slippers, without a care for how you look -- though your overall grace and charm will certainly be on display always. You enjoy recreation of all kinds, but you can invest yourself fully in work, and you aren't the kind to shortchange yourself because you are not willing to see something through to the end. You will always finish a job.

SUNDAY, MAY 5

TAURUS (April 20-May 20) -- You may find yourself vacillating between what you know and what you don't all day long. Official information is only so helpful.

GEMINI (May 21-June 20) -- How you say something is just as important as what you say, and to some, more so. Be sure that your presentation is all you want it to be.

CANCER (June 21-July 22) -- You may find yourself slipping into an old habit today. There's no real reason to do so when so many other options are available to you.

LEO (July 23-Aug. 22) -- What you reveal can set you back today if you are not careful; be sure that you are letting others know only what they need to know.

VIRGO (Aug. 23-Sept. 22) -- You may be disappointed with a new purchase or other acquisition. Take the time to research how you will avoid a recurrence in the future.

LIBRA (Sept. 23-Oct. 22) -- You know what you want, but it may not be available to you right now. You'll have to be satisfied with something else and adjust your behavior.

SCORPIO (Oct. 23-Nov. 21) -- It may take much persuasion, but you can talk someone into doing something for you that has been off the table so far.

SAGITTARIUS (Nov. 22-Dec. 21) -- You

are moving in the right direction, and a friend or partner is making things interesting by following along. Why not work together?

CAPRICORN (Dec. 22-Jan. 19) -- You may encounter something quite rare and perhaps very valuable today. What you do with it can affect what happens to you tomorrow.

AQUARIUS (Jan. 20-Feb. 18) -- You may become entangled in an affair that is really not for you. Do what you can to extricate yourself -- and quickly too.

PISCES (Feb. 19-March 20) -- Someone or something is keeping you from reaching your full potential -- or is it that you are trying to do something you shouldn't do?

ARIES (March 21-April 19) -- You may perceive that someone is trying to send you a hidden message. Now is no time to play games; insist on clear communication.

YOUR BIRTHDAY by Stella Wilder

Born today, you are a straightforward, no-nonsense kind of person, one who will always want to hear bad news immediately rather than put it off in favor of any kind of ignorance. And why is that? The simplicity of the truth is startling. You want to know things so you can do something in response -- period. If you don't know a thing, you cannot react, and if you cannot react, you cannot learn to avoid the same kind of thing in the future. You do not believe in failure; you believe in missing the intended target and then assessing your performance so you will hit the bull's-eye the next time -- and the time after that, and so on. You are strong-willed and able to vanquish all manner of foes simply because of your tenacity and patience; you don't have to succeed right away.

MONDAY, MAY 6

TAURUS (April 20-May 20) -- You can get away with something today that no one else can. Does this mean you should try to do so at any other time? Not really.

GEMINI (May 21-June 20) -- You can prove that you know precisely what you're talking about when you put your words into action and get the results you've promised.

CANCER (June 21-July 22) -- Everyone has a valid point of view, perhaps, but the fact is that there's only one set of facts that you must pay attention to at this time.

LEO (July 23-Aug. 22) -- You are eager to see someone else succeed today, and you can do much to help him or her do what is required, but at some point you must let go.

VIRGO (Aug. 23-Sept. 22) -- You may not be feeling quite as confident as usual today, probably because you've not kept up with things and don't have the latest info.

LIBRA (Sept. 23-Oct. 22) -- You've been dreaming of today for quite some time, and what you most want can finally be yours -- for a price, of course.

SCORPIO (Oct. 23-Nov. 21) -- You can tell someone else what he or she needs to hear, or you can tell the truth. The choice is yours, but you can't control the outcome.

SAGITTARIUS (Nov. 22-Dec. 21) --

Someone is likely to take the information you impart today and use it in a way that you had not imagined. That success is partly yours.

CAPRICORN (Dec. 22-Jan. 19) -- The best way for you to let others know what you want from them is to lead by example. That way, there can be little misunderstanding.

AQUARIUS (Jan. 20-Feb. 18) -- You get a message that is difficult to decipher, but once you do so, you may realize everything is about to change for the better.

PISCES (Feb. 19-March 20) -- You can do more than you had planned on today, and someone who knows you well sets things up in such a way that you can be on top very soon.

ARIES (March 21-April 19) -- It may be difficult to get others to recognize what you've done; if you do, you can be sure that you'll be rewarded handsomely for your efforts.
