YOUR BIRTHDAY by Stella Wilder

Born today, you can be somewhat imposing, especially when you are surrounded by people you do not know. This is no doubt something you have cultivated, and which stems from a native fear of being overlooked or underappreciated, and it enables you to counter any doubts you may have by coming on strong in situations that are new or unfamiliar. Those who do not understand this, however, may simply think you are being overbearing or arrogant. However, those who take the time to get to know you will come to understand just what makes you tick. You are fond of friends and family, but you always feel somewhat aloof, as if you have little in common even with those to whom you are closest; your best friends will remind you just how much you truly belong.

THURSDAY, MAY 9

TAURUS (April 20-May 20) -- In reviewing something you've known very well for quite some time, you're likely to discover an element of it that's new to you.

GEMINI (May 21-June 20) -- You are eager to have your questions answered, surely, but you recognize that not everyone is equipped with the information you really need.

CANCER (June 21-July 22) -- Your surroundings will be speaking to you today, and you would do well to listen. The messages you receive steer you in a new direction.

LEO (July 23-Aug. 22) -- Don't let forgetfulness get in the way of accomplishment. You must assume there is more to do today and try your best to complete all jobs.

VIRGO (Aug. 23-Sept. 22) -- You are likely to do some traveling before the day is out; you must take care that all preparations are complete before the journey begins.

LIBRA (Sept. 23-Oct. 22) -- You may be confused by much that is going on all around you today, but that is only because you haven't yet recognized an overall cause.

SCORPIO (Oct. 23-Nov. 21) -- You mustn't spend too much time redoing your work today; you cannot achieve perfection by doing so, and you may only be eating up the

clock.

SAGITTARIUS (Nov. 22-Dec. 21) -- You may not understand why others are flocking to you today, but you can certainly take full advantage of all the help they make available.

CAPRICORN (Dec. 22-Jan. 19) -- You mustn't try to make a certain difficult decision entirely on your own today. Get another's opinion, and discuss all unusual options.

AQUARIUS (Jan. 20-Feb. 18) -- You and a loved one may have to be separated for a time today, but you are perfectly willing to do all that is necessary right now.

PISCES (Feb. 19-March 20) -- Going over the major events of the past day or two will reinforce certain beliefs that are the building blocks of your character.

ARIES (March 21-April 19) -- You should be able to do more than you are assigned today, but much depends on how well you manage the clock and other key resources.
