HOROSCOPES by Stella Wilder

TUESDAY, JUNE 4, 2019
YOUR BIRTHDAY by Stella Wilder
Born today, you have such tremendous charisma that you're sure to attract a great deal of attention wherever you go and whatever you do. You must learn, then, to ignore it when you wish to and revel in it when you choose -- but by all means it is most important for you to control how the attention of others affects you. You tend to travel the world in a manner that sets you apart; you don't feel compelled to pay attention to others -- or to how they pay attention to you -- because their doings and their opinions, particularly of you, are of little importance to you.

WEDNESDAY, JUNE 5
GEMINI (May 21-June 20) -- You may have the uneasy feeling that you've been displaced somehow, but it's a false impression. Things are going very much as planned.

CANCER (June 21-July 2) -- You're not usually as insecure as you may be feeling today, but there's a reason for it that you can surely discover before nightfall.

LEO (July 23-Aug. 22) -- The more trapped you feel, the more impossible will seem the things you have to do. This is a problem of your own making. Break free right now.

VIRGO (Aug. 23-Sept. 22) -- A rough start is to be expected, but a quick discovery enables you to smooth things out as the day progresses. Negotiate with a friend.

LIBRA (Sept. 23-Oct. 22) -- You can't believe everything you hear today, but your eyes will not lie to you. Get a close look at anything that warrants suspicion.

SCORPIO (Oct. 23-Nov. 21) -- You may have had your fill of something that others still can't get enough of, but that's no reason to separate yourself from them, surely.

SAGITTARIUS (Nov. 22-Dec. 21) -- You'll want to stand your ground today as someone else challenges you on the basics. There is more than reputation at stake.

CAPRICORN (Dec. 22-Jan. 19) -- You may have to take a certain calculated risk today, despite the fact that you are in no mood for dangers of any kind. It's unavoidable.

AQUARIUS (Jan. 20-Feb. 18) -- You require more information before making an "all or nothing" decision today. Be ready to interpret conflicting reports.

PISCES (Feb. 19-March 20) -- Someone may express dismay that you are dramatically different now from the way you were in the past. It is he or she who is not evolving.

ARIES (March 21-April 19) -- You may have to suggest to a friend or loved one that you do not pursue the same goals at the same time -- at least for the foreseeable future.

TAURUS (April 20-May 20) -- You want everything to be black or white today, but nothing is likely to be that simple, even after you boil things down considerably.
