HOROSCOPES by Stella Wilder

YOUR BIRTHDAY by Stella Wilder
 Born today, you don't seem to be quite as serious, ambitious and tenacious as you really are. This is sure to give you a certain advantage in life, however, as you will be able to take other people by surprise again and again as you put your strongest traits to work for you and leapfrog over the competition again and again. You are nothing if not forward-thinking and accomplished. You always want to be gaining ground, moving forward and seeking new opportunities. When it comes to your personal life, you are usually far more satisfied with what you have; you're not one of those who wonders day after day what might be around that corner or over that fence.

TUESDAY, JUNE 11
GEMINI (May 21-June 20) -- Putting yourself first makes sense in certain situations, of course, but it may not sit well with you today when others are coming to you in need.

CANCER (June 21-July 22) -- You are not responding to someone the way he or she had hoped, but there is a possibility that you can meet in the middle in some way.

LEO (July 23-Aug. 22) -- You may learn that you're not in as bad of a position as you had supposed. More information comes to you that improves your outlook.

VIRGO (Aug. 23-Sept. 22) -- You may require a little special handling today; someone close to you knows that certain things will please you far more than others.

LIBRA (Sept. 23-Oct. 22) -- You want to be near the center of the action, but today you may find that there is a major obstacle standing in your way. It can be overcome.

SCORPIO (Oct. 23-Nov. 21) -- You can progress at a greater speed than you have recently, but only if you accept that there are certain things you cannot do alone.

SAGITTARIUS (Nov. 22-Dec. 21) -- Self-doubt is your biggest enemy today; get rid of it, and you'll be able to accomplish much almost immediately. Don't fret!

CAPRICORN (Dec. 22-Jan. 19) -- Changing circumstances may require you to slow down a bit. What you think you are doing for yourself will benefit another as well.

AQUARIUS (Jan. 20-Feb. 18) -- You mustn't make the mistake of believing your own press, especially when it comes to a certain recent professional success.

PISCES (Feb. 19-March 20) -- You may find yourself in something of a financial bind today, but once you solve the problem, it's likely to be gone for good.

ARIES (March 21-April 19) -- Are you sure that the messages you are sending out are reaching the right people -- and at the right times? You may want to investigate.

TAURUS (April 20-May 20) -- Someone has been saying things about you behind your back, but you are confident that your true friends will not listen to such slander.
