YOUR BIRTHDAY

Born today, you are one of the most irreplaceably creative individuals born under your sign, and you are driven at all times by a desire to make, do and matter. You have been endowed with a sense of importance, of "destiny" if you will, and you are determined at all times to be recognized for your remarkable talents and rewarded for what you bring to the world at large. Desire, however, is not enough -- nor is a feeling that you were meant for "big" things. You have to work hard to accomplish things and must dedicate yourself to the kind of achievements that are long-standing and undeniable. You aren't likely to get what you want simply by asking for it; you're going to have to earn it.
SATURDAY, JUNE 29
CANCER (June 21-July 22) -- Your search for a missing piece leads you to an entirely different puzzle -- and this one has the potential to change everything for the good.
LEO (July 23-Aug. 22) -- You may have

made a decision recently that is rendering all manner of things more difficult than expected. You can always change your mind.
VIRGO (Aug. 23-Sept. 22) -- You get caught up in a debate that sees other people twisting your words and assigning new meaning to them. This cannot be allowed!
LIBRA (Sept. 23-Oct. 22) -- If you're not careful, you may find yourself in a situation that you cannot control -- but that is sure to control you in little time.
SCORPIO (Oct. 23-Nov. 21) -- You don't want to be left out of something that you were instrumental in planning in the first place! By all means, make yourself available.
SAGITTARIUS (Nov. 22-Dec. 21) -- You may be bothered by little things that others aren't even aware of today. This doesn't mean that you're right and they're wrong!
CAPRICORN (Dec. 22-Jan. 19) -- You can afford to be a little more realistic and down-to-earth today as you deal with someone whose aspirations are in the clouds.
AQUARIUS (Jan. 20-Feb. 18) -- You don't

want to be left holding the bag, do you? You must be sure that you are leading the pack, not bringing up the rear.
PISCES (Feb. 19-March 20) -- You have an opportunity today to make a daring escape of sorts -- but you don't want to leave a certain someone behind. Make a joint plan.
ARIES (March 21-April 19) -- You can have a great deal of fun today doing precisely what you are told, especially if you are able to include a friend in the proceedings.
TAURUS (April 20-May 20) -- The time for secrecy is over; you must be willing to come clean and tell all. Today is a good day for starting over -- if you can.
GEMINI (May 21-June 20) -- You can see what's coming with greater clarity than ever before, perhaps. You must explain to others what is on the line -- and why.
