HOROSCOPES by Stella Wilder

YOUR BIRTHDAY by Stella Wilder

Born today, you are so open and approachable that you're not likely to have any trouble making friends at any time throughout your life, no matter what phases you may go through or how you may be navigating success or failure. You enjoy people, and you are never afraid of letting someone get close to you. There are those, however, who may suspect that all of this is merely a ruse, a way of living your life that you have cultivated intentionally to get what you want out of other people. Nothing could be further from the truth, for you do not have a deceitful or duplicitous bone in your body!

SUNDAY, JULY 21

CANCER (June 21-July 22) -- Stepping a little outside of your comfort zone today can actually prepare you for a challenge that is fast coming your way.

LEO (July 23-Aug. 22) -- You must be ready for some intense interaction early in the day. Once this period has passed, you can

do things in a more routine manner.

VIRGO (Aug. 23-Sept. 22) -- You and a rival may realize that there's more value in working together than against each other. Is this possible? Can it start now?

LIBRA (Sept. 23-Oct. 22) -- A new project beckons, but you may not feel prepared just yet. A little reading and a little experimentation give you the boost you need.

SCORPIO (Oct. 23-Nov. 21) -- You may be fighting against certain influences that have only recently begun being felt. You have a sense of where this is all leading.

SAGITTARIUS (Nov. 22-Dec. 21) -- Things are likely to continue along their current path for a while, but you'll have the chance to try something new before the day is out.

CAPRICORN (Dec. 22-Jan. 19) -- You may be quite restless today, but there's little you can do now to feel more productive. Things are likely to change tomorrow.

AQUARIUS (Jan. 20-Feb. 18) -- Someone in your care may not be following instruc-

tions, and you have only so much time in which to teach the importance of doing so.

PISCES (Feb. 19-March 20) -- You can approach certain tasks and responsibilities in a new way today, and not only increase your own enjoyment, but your productivity as well.

ARIES (March 21-April 19) -- Your power is on the rise, and your influence is being felt far and wide. Take care, however, that you don't start thinking you are invincible.

TAURUS (April 20-May 20) -- The bigger they are, the harder they fall -- or so goes the adage. Today, you witness a demonstration that teaches an invaluable lesson.

GEMINI (May 21-June 20) -- You may come across someone who isn't ready or willing to listen to reason. If it comes down to a contest of wills, you've got the edge.

SUNDAY, JULY 21, 2019

YOUR BIRTHDAY by Stella Wilder

Born today, you are both gregarious and highly introspective; you can be rather hyperactive on the one hand, and on the other you have been known to withdraw into your thoughts and dreams and remain quiet and even invisible to others for days on end. To say that you are "complex" is surely an understatement! You have what some might call "vaunting ambition," but you are always willing to work hard and do whatever is necessary to realize your dreams and do the things that others think are too difficult or even impossible to do. Set your sights on a goal, and you're sure to reach it sooner or later!

MONDAY, JULY 22

CANCER (June 21-July 22) -- Are you being self-conscious at this time or merely self-aware? There is a big difference, and you'll know which is which very soon.

LEO (July 23-Aug. 22) -- Honest talk about something that has been bubbling

beneath the surface for some time does everyone good -- and gives you a certain advantage.

VIRGO (Aug. 23-Sept. 22) -- You may be doing things in a routine way and getting away with it, but soon you'll be required to put in some extra effort in order to get by.

LIBRA (Sept. 23-Oct. 22) -- The plan you are putting into action hasn't been "vetted" by those in charge. Are you ready to assume the risk entirely on your own?

SCORPIO (Oct. 23-Nov. 21) -- What the experts have to say may not thrill you, but they give you enough to work with that you can win an important personal victory today.

SAGITTARIUS (Nov. 22-Dec. 21) -- Others will be grateful for what you've brought to the table, but you mustn't think you're finished! There's more to do, surely.

CAPRICORN (Dec. 22-Jan. 19) -- Now is the time for you to bring all of your abilities to bear. The challenge before you is great and requires complete dedication.

AQUARIUS (Jan. 20-Feb. 18) -- You've been working with something that is soon to prove a liability; is it better to get rid of it now or wait until it's truly obsolete?

PISCES (Feb. 19-March 20) -- Those around you will show their gratitude today, but that may not be enough for you. You want more in the way of tangible rewards, yes?

ARIES (March 21-April 19) -- Why do you feel compelled to lie about something others already know all about? Now is no time to try to deceive others -- or yourself.

TAURUS (April 20-May 20) -- You can commit to someone else's project, or you can do what you've been looking forward to doing for some time. Make a decision today!

GEMINI (May 21-June 20) -- You are facing a possible setback, but you think you know how to avoid it. Getting someone else to approve an unusual idea will be difficult.
