HOROSCOPES by Stella Wilder

TUESDAY, JULY 30, 2019
YOUR BIRTHDAY by Stella Wilder
 Born today, you are a warm, open and outspoken individual, and you thrive on the attention of others -- nay, you virtually bask in it! Indeed, you are likely to choose a life for yourself that keeps you in close touch with those who know you, like you and admire you, and who lavish you with praise for even the smallest accomplishments. This isn't always a good thing, of course, and you must take care that you don't simply surround yourself with sycophants and yes-men. You want people to tell you the truth, even when the truth may be hard to hear.
WEDNESDAY, JULY 31
LEO (July 23-Aug. 22) -- Someone may offer something you consider of very little value -- but take a second look! Something is hidden from view that may mean quite a bit.
VIRGO (Aug. 23-Sept. 22) -- You're eagerly waiting to see if the results of a recent effort match your expectations. Use what time you have to start a new task.
LIBRA (Sept. 23-Oct. 22) -- You may be acting and speaking in a manner these days that is most unconventional -- but today you have a very good reason to tone it down.
SCORPIO (Oct. 23-Nov. 21) -- Focus on acting rather than reacting today. You want to be at the forefront of what is going on. Promote your ideas!
SAGITTARIUS (Nov. 22-Dec. 21) -- You can avoid an uncomfortable situation today by facing the facts head-on. Only by trying to deceive will you make things worse.
CAPRICORN (Dec. 22-Jan. 19) -- What you say or do without thinking is likely to have major repercussions today -- and in the days to come. Think things through!
AQUARIUS (Jan. 20-Feb. 18) -- You can negotiate a carefully balanced compromise today. Not everyone will be wholly satisfied, but progress will not be stalled.
PISCES (Feb. 19-March 20) -- You can work with others to maximize everyone's potential today. When at the helm of a major project, you may be able to do the impossible.
ARIES (March 21-April 19) -- If it seems as though you are flirting with danger today, it is likely true. Listen to the warnings others give you, and keep your eyes open.
TAURUS (April 20-May 20) -- You may be put in a position of authority that doesn't really seem to suit your temperament -- but make an adjustment and all will be well.
GEMINI (May 21-June 20) -- You can receive valuable assistance today, but only if you ask for it. And you must know just how to use it as well. Don't just wing it!
CANCER (June 21-July 22) -- It's likely that you will be put in a position that requires you to think along new and unfamiliar lines today. Use your imagination.
