SUNDAY, SEPTEMBER 6, 2020  
 YOUR BIRTHDAY by Stella Wilder

Born today, you may fear at times that you are not completely understood, either by friends, family members, loved ones, partners or coworkers. Is it true? Perhaps -- but ultimately it matters very little, because you're always going to adopt a rather daring, forward-thinking approach to what you do -- itself a reflection of your positive attitude and willingness to do whatever is necessary to succeed. While you are certainly always concerned with your own progress and well-being, it will surprise no one if you land in a career that allows you to work closely with others to improve things.

MONDAY, SEPTEMBER 7  
 VIRGO (Aug. 23-Sept. 22) -- You can cooperate with someone whose ideas are very different from your own, and when all is said and done, your mindset will have changed.  
 LIBRA (Sept. 23-Oct. 22) -- Someone approaches you in the wrong way today and

sets you off -- but this doesn't mean you can't work together in the future, does it?

SCORPIO (Oct. 23-Nov. 21) -- A puzzle is quickly assembled today -- but not necessarily by you alone. Assistance you receive is valuable and perhaps unusual.

SAGITTARIUS (Nov. 22-Dec. 21) -- You can do all that must be done today, provided you are allowed to go about your business in your own way -- and in your own time.

CAPRICORN (Dec. 21-June 20) -- You may have cause for doubt as the day begins, but certain key developments keep you from giving up. You can be victorious by day's end.

AQUARIUS (Jan. 20-Feb. 18) -- You may feel that you have much to prove today, but the fact is that you have won enough support and needn't be under any such pressure.

PISCES (Feb. 19-March 20) -- You'll want to keep accurate records today of activities, expenditures and payments, as all will perhaps have to be reported later.

ARIES (March 21-April 19) -- Someone's

words or actions are likely to inspire you to enter the contest -- and if you do, you'll want to bring your "A" game for sure!

TAURUS (April 20-May 20) -- You can put your skills and your smarts to the test today. A competitor matches you move for move for a while, and then things get interesting!

GEMINI (May 21-June 20) -- Your awareness of another's actions needn't be advertised today. Keep what you know under wraps for now, and reveal it when the time is right.

CANCER (June 21-July 21) -- Someone is likely to call you to the carpet today, and you'll have to put your money where your mouth is. A lesson is learned as a result.

LEO (July 23-Aug. 22) -- You have much to gain today -- and much to lose. If you come out with even a moderate surplus, you can say you've won. Save what you can.

MONDAY, SEPTEMBER 7, 2020  
 YOUR BIRTHDAY by Stella Wilder

Born today, you are a natural leader, but that doesn't mean you won't make mistakes. Indeed, your ability to recognize a mistake, study its causes and effects, and correct it is one of your greatest assets. You are likely to be quite cautious when you are young and relatively inexperienced, and yet as you mature, you will discover there is something to be gained by occasionally throwing caution to the wind and leaning heavily on your instincts and your inner voices to tell you what to do.

TUESDAY, SEPTEMBER 8  
 VIRGO (Aug. 23-Sept. 22) -- The social scene may not provide you with the gains you had hoped for today -- but that doesn't mean you can't enjoy yourself, surely!

LIBRA (Sept. 23-Oct. 22) -- You may be confusing what is good for you with what is good for another, and today the difference will be made quite apparent to all concerned.

SCORPIO (Oct. 23-Nov. 21) -- Your popularity is on the rise -- but when you examine this phenomenon, you may discover it's not really for the right reason. Make a change!

SAGITTARIUS (Nov. 22-Dec. 21) -- That which you share with your closest friends must not be made public -- yet. Take care to disguise details that will pay off later.

CAPRICORN (Dec. 22-Jan. 19) -- The private and the public meet in a way that proves most surprising; you'll be able to reap a certain advantage from the situation.

AQUARIUS (Jan. 20-Feb. 18) -- Take care you don't approach a new situation with a negative attitude, or you'll surely miss out on something truly valuable.

PISCES (Feb. 19-March 20) -- You can achieve much today, but you won't be able to take all the credit. Be sure to reward any who have given you their time and energy.

ARIES (March 21-April 19) -- You can find a way to make a grand scheme fit into the time you have available to let it play out.

The key is using human resources in new ways.

TAURUS (April 20-May 20) -- You've been getting used to certain things happening according to a pattern, but today that pattern may well be abandoned. Be ready.

GEMINI (May 21-June 20) -- You're not likely to be moved by someone who does everything he or she can to influence your decision-making today. Stay the course.

CANCER (June 21-July 21) -- You've been preparing yourself for certain developments that are not likely to pan out today. Your ability to adjust serves you well.

LEO (July 23-Aug. 22) -- You may have a bigger debt to pay at this time than you had originally figured. This is surely an error you'll want to avoid in the future.
