Fear the Walking Dead

Season 6 of this companion series to "The Walking Dead" explores the current fate of the unlikely "chosen family" who initially embarked on a mission to help those in need. As subsequent events unfolded, the group found themselves torn apart by Virginia (Colby Minifie) and her Pioneers, so the plucky band is now dispersed across her far-flung settlements. At the end of Season 5, Morgan (Lennie James) exhorted the characters to "Just Live," and viewers will find out what those words mean to these characters this season.
