HOROSCOPES by Stella Wilder

WEDNESDAY, OCTOBER 14, 2020
YOUR BIRTHDAY by Stella Wilder
Born today, you are a master of planning and organization, and while you may choose to leave the day-to-day operations to others, you will always want to occupy the front office, instructing others and laying out the "grand scheme" that you are confident will win the day. You are able to keep so many balls in the air at once, in fact, that you can become quite disenchanted when there is little to be done at any given time.

THURSDAY, OCTOBER 15
LIBRA (Sept. 23-Oct. 22) -- A mistake made today needn't be a big deal -- but it will certainly become one if you don't acknowledge it right away. Transparency is key!
SCORPIO (Oct. 23-Nov. 21) -- You are expecting certain treatment from someone today that isn't likely to materialize. Instead of finding fault, find the reason!
SAGITTARIUS (Nov. 22-Dec. 21) -- You

mustn't spend your time on questions that cannot be answered today -- and, yet, it may be difficult, at first, to identify which those are.
CAPRICORN (Dec. 22-Jan. 19) -- A swiftly developing situation can be controlled, surely, but you're going to have to trust other people to do what they are good at.
AQUARIUS (Jan. 20-Feb. 18) -- As you follow your instincts today, you'll also want to listen to what your intellect is telling you. Balance thought and feeling!
PISCES (Feb. 19-March 20) -- You will have to identify one or two vulnerabilities today before you are able to step out in relative safety. You can't be completely safe.
ARIES (March 21-April 19) -- You're not going to get things the easy way today, but at the same time, you may not have to work quite as hard as you had feared. Lucky you!
TAURUS (April 20-May 20) -- The information you receive today may send you in the wrong direction temporarily. Identify the error, and you'll surely be able to correct it.
GEMINI (May 21-June 20) -- Your prospects are bright at this time, but there is something holding you back. What is it about the future that has you uncertain or fearful?
CANCER (June 21-July 22) -- You're eager to get the show on the road, but you may not yet be equipped to deal with all that will happen as you get the wheels turning.
LEO (July 23-Aug. 22) -- You're worried a bit too much about fitting in, when setting yourself apart is a much better way to get what it is you want at this time.
VIRGO (Aug. 23-Sept. 22) -- A conflict between the heart and the head may not be as devastating as you have feared. You can reach a compromise with yourself.
