HOROSCOPES *by Stella Wilder*

YOUR BIRTHDAY by Stella Wilder

Born today, you have been endowed with such tremendous charisma that you're certain to attract attention wherever you go, and though you may not enjoy this at first, you will likely come to thrive on it later in life -- when you realize that attention and success are, to you, very closely aligned. You enjoy working hard and playing hard, and whenever you are in the midst of some big project, you are able to enjoy almost anything life throws at you -- even if it is something others would prefer to avoid.

MONDAY, NOVEMBER 23

SAGITTARIUS (Nov. 22-Dec. 21) -- You may want to examine more closely the things that keep you up at night. The mystery you solve will prove most revealing.

CAPRICORN (Dec. 22-Jan. 19) -- You must continue to move forward, even though many around you will be standing still for a while. That is no way to embrace the future!

AQUARIUS (Jan. 20-Feb. 18) -- A little goes a long way at this time, but that surely doesn't mean that more will get you all the way there. Avoid overindulgence today!

PISCES (Feb. 19-March 20) -- You are proud of much that you've done lately, but one thing in particular has you wondering if you've done enough. Consider your options.

ARIES (March 21-April 19) -- You begin something in a very small way today that is likely to attract some important attention when the time comes. Be ready!

TAURUS (April 20-May 20) -- While you wait for just the right time to do this or that or the other thing, someone is being daring -- and getting things done without you!

GEMINI (May 21-June 20) -- You must rely on traditional stores of energy to see you through today. Now is not the time to try something new; you'll have little wiggle room.

CANCER (June 21-July 22) -- An emotional situation has been keeping you up at night, but today you'll realize the situation is nowhere near as serious as you supposed.

LEO (July 23-Aug. 22) -- You may have attracted a good deal of criticism recently, but even those critics will likely come around when you demonstrate your resilience.

VIRGO (Aug. 23-Sept. 22) -- You mustn't rest on your laurels at this time! If you've made a plan, put it into motion, and if not -- make one, by all means, right now!

LIBRA (Sept. 23-Oct. 22) -- A rival is gaining on you, but you have a plan that should put you ahead for good when it is implemented -- and you mustn't wait too long!

SCORPIO (Oct. 23-Nov. 21) -- Though you may have been feeling glum lately, interaction with a friend has you riding high today. He or she knows what matters to you.

YOUR BIRTHDAY by Stella Wilder

Born today, you are not one to be daunted by challenge, misfortune, bad luck or even your own errors -- for you believe that to persevere is to embrace the positive and minimize the effects of the negative. This doesn't mean, of course, that you simply ignore or shrug off obstacles or hardship; on the contrary, you do face what comes head-on, but you don't respond with fear or trepidation, or let your natural self-confidence wane when you need it most.

TUESDAY, NOVEMBER 24

SAGITTARIUS (Nov. 22-Dec. 21) -- It's a good day to reinvent yourself -- at least that part of yourself that is yours alone. The world doesn't have to know -- yet!

CAPRICORN (Dec. 22-Jan. 19) -- What you want and what is available are not entirely compatible today. However, you're willing to go the distance and acquire what you can.

AQUARIUS (Jan. 20-Feb. 18) -- Your hopes and dreams will almost surely be validated today by someone who has been in your shoes before. Yours is not a hopeless quest!

PISCES (Feb. 19-March 20) -- Whose opinion matters most today? It's time for you to decide where you stand and to begin acting accordingly once more. Critics are watching.

ARIES (March 21-April 19) -- You may not receive the approval you were hoping for today, but you can still pursue your goals via unofficial channels. Be safe!

TAURUS (April 20-May 20) -- Someone may be getting a little too close for comfort at this time. Make clear your boundaries -- and what you'll do if they are disregarded!

GEMINI (May 21-June 20) -- You must be patient today while someone takes the reins and tries something new. Your guidance has been invaluable and will continue to be so.

CANCER (June 21-July 22) -- Decisions you make today will affect those around you in ways you have not anticipated. You may want to make last-minute adjustments.

LEO (July 23-Aug. 22) -- You have relied on a certain someone in the past, but today you may not be able to do so -- for obvious reasons. You can go it alone and prevail!

VIRGO (Aug. 23-Sept. 22) -- Something valuable goes missing early in the day. Don't panic! You can almost surely recover it if you go through the proper channels.

LIBRA (Sept. 23-Oct. 22) -- You may wonder what's coming to you -- and when it will be yours. Don't be in such a hurry! Let things develop at an organic pace.

SCORPIO (Oct. 23-Nov. 21) -- The currents you are fighting at this time aren't likely to last long -- and you must be sure that your frustrations don't carry over.
