Small business center seeks COVID-19 funding data

LA GRANDE — The Eastern Oregon University Small Business Development Center in La Grande is seeking information from business owners to see if they were successful in obtaining any Business Oregon or local grant

funding, including any dollars received from lending institutions, the federal Economic Injury Disaster Loan or Paycheck Protection Program programs.

The center asks recipients of grant or other financing to email peousbdc@gmail.com the following information: name of the funding source, the dollar amount and the number of employees (including the business owner).

The center in an announcement the last week of December 2020 stated it is required to obtain the information — which will remain confidential — for two purposes: to track the impact these dollars are having on the local economy and to help the center continue to provide free and confidential business advising services.

The center also asks businesses that have yet to receive awards to share communication regarding the award and provide quotes about how these dollars will benefit your business.
