**YOUR BIRTHDAY** by Stella Wilder

Born today, you are one of the most colorful individuals born under the sign of the fishes, and you are also one of the most centered, confident and consistent. Once a person gets to know you, there is no mistaking who you are, what you are capable of or what you stand for -- and that can be a great comfort to all those around you, especially those who are tired of the world being a place in which deception and duplicity reign.

**FRIDAY, MARCH 19**

**PISCES** (Feb. 19-March 20) -- Your adventurous spirit will come to the fore today; take care that you don't jump at a project before you are ready, however! Prepare!

**ARIES** (March 21-April 19) -- You know the difference between something that is fleeting and something that has a permanent impact -- and you're after the former today.

**TAURUS** (April 20-May 20) -- How your function will fascinate those who observe you at work today -- and their fascination may fascinate you! You'll learn a thing or two.

**GEMINI** (May 21-June 20) -- Keep your emotions in check today as you face a situation that makes you eager to step in and help a friend or family member. Don't overdo it.

**CANCER** (June 21-July 22) -- You'll feel a stronger connection to something in your past today than you have in quite a while; certain key events mean more as a result.

**LEO** (July 23-Aug. 22) -- You can do better than most today, even though you feel you are not as equipped as they are. Competition heats up in a way that favors you.

**VIRGO** (Aug. 23-Sept. 22) -- You may find yourself playing with fire today as you close the distance between you and a rival. What you most feared may come to pass.

**LIBRA** (Sept. 23-Oct. 22) -- A combination of heart and mind serves you well today

...and the closer you get to the central issue affecting those around you, the better.

**SCORPIO** (Oct. 23-Nov. 21) -- When it comes to love, you may feel as though you're the victim of a deception. Investigate, and you'll discover who is really at fault.

**SAGITTARIUS** (Nov. 22-Dec. 21) -- You'll have a chance to embrace something that you've long avoided -- but all signs point to a potential success if you do it right now.

**CAPRICORN** (Dec. 22-Jan. 19) -- You feel today that a certain sacrifice, once made, will put you in a better position to further your agenda tomorrow. Use caution!

**AQUARIUS** (Jan. 20-Feb. 18) -- What you have in common with another is sure to prove more important today than the many differences between you. By all means, share the good.
