Fear the Walking Dead

The midseason premiere of this companion series to "The Walking Dead" picks up the action as Morgan (Lennie James) becomes bolder in his bid to free the remaining members of the group. Meanwhile, Virginia (Colby Minifie) becomes increasingly desperate to find her sister and protect the settlements from threatening forces both inside and outside the walls. The impact of living under Virginia's iron-willed control is an extended story arc for the back half of Season 6.
