HOROSCOPES by Stella Wilder

WEDNESDAY, JUNE 2, 2021 YOUR BIRTHDAY by Stella Wilder

Born today, you are not always the one to lean on when the going gets tough, because your organizational skills tend to abandon you in times of stress -- and that's not what most people need when they are looking to you as a leader! Indeed, when you are under pressure, you are far more likely to let your heart lead your head, and though your instincts are keen, they are not always on display for others to assess, and so they are unable to rely upon them as you are.

THURSDAY, JUNE 3

GEMINI (May 21-June 20) -- You're approaching a difficult situation in precisely the right way, as expected, but you're going to have to deal with one or two critics today.

CANCER (June 21-July 22) -- Nothing is certain, but you feel confident that what you anticipate will actually come to pass today. Give another a chance to play a key role.

LEO (July 23-Aug. 22) -- There is much you don't know about your current situation, so you're going to have to play it by ear today as you are met with new challenges.

VIRGO (Aug. 23-Sept. 22) -- Change begins on the inside today, and you'll feel as though you are better equipped to deal with it right now than you have been in the past.

LIBRA (Sept. 23-Oct. 22) -- You are not used to doing certain things out in the open, but you mustn't let your self-consciousness get the upper hand today.

SCORPIO (Oct. 23-Nov. 21) -- A message that is short, sweet and to the point will surely get the job done. You needn't muddy the waters today by saying too much.

SAGITTARIUS (Nov. 22-Dec. 21) -- You're going to have to do many things all at once today -- or at least let them overlap in such a way that productivity is maximized.

CAPRICORN (Dec. 22-Jan. 19) -- You're eager to take on one more project, but do you

have the bandwidth? Make a trial run today that tells you what you need to know.

AQUARIUS (Jan. 20-Feb. 18) -- You are seeing things through a more clarifying lens at this time, and your reactions may well be much more proportional as a result.

PISCES (Feb. 19-March 20) -- You're not likely to hear from those who have the most to say today, so you're going to have to guess about what they're thinking -- and why.

ARIES (March 21-April 19) -- Things are safer than they were yesterday, surely, but not as safe as they should be tomorrow. Still, you may doubt you can wait that long.

TAURUS (April 20-May 20) -- The steps you take today may reverberate tomorrow and long after. Many will be affected by that to which you are giving little thought.
