HOROSCOPES by Stella Wilder

FRIDAY, JULY 9, 2021

YOUR BIRTHDAY by Stella Wilder

Born today, you have likely developed a detailed vision of the future that others cannot wrap their heads around -- but that's because they haven't been endowed with an imagination to equal yours. Like so many Cancer natives, you have a vivid imagination, but where most base their visions on some common understanding of "reality," you conjure things up out of whole cloth -- things that are clearly far removed from any sense of what has been or what might be as far as other people are concerned.

SATURDAY, JULY 10

CANCER (June 21-July 22) -- A personal performance can come off without a hitch today. Pay attention to what people say about you after the curtain has come down.

LEO (July 23-Aug. 22) -- Changes you've planned to make may have to wait, as today you'll likely be dealing with an issue that takes you far from where you expected.

VIRGO (Aug. 23-Sept. 22) -- Are you trying to do too much with too little? Today is a good day to assess your efficiency and productivity. Collect the right tools!

LIBRA (Sept. 23-Oct. 22) -- You may not receive permission to do something you've long wanted to do, but today it should be very easy to be forgiven for doing it.

SCORPIO (Oct. 23-Nov. 21) -- Things may not be set up to your advantage today, but that can be changed. All you have to do is know what's possible -- and make that happen.

SAGITTARIUS (Nov. 22-Dec. 21) -- You know how important it is to make the right impression today when on the job, but once there, you'll realize just exactly what's at stake.

CAPRICORN (Dec. 22-Jan. 19) -- Others may accuse you of saying nothing at all worthwhile, but those who listen carefully to you realize you're sharing important information.

AQUARIUS (Jan. 20-Feb. 18) -- You're

ready to move, but you are bound to stay put until you receive word from someone who is far from the center of things. Be patient.

PISCES (Feb. 19-March 20) -- You may be doing something that rubs someone else very much the wrong way -- but until you realize just what it is, tension is sure to mount.

ARIES (March 21-April 19) -- You are eager to take things a little further with a friend or partner, but you may have to wait while he or she makes a firm commitment.

TAURUS (April 20-May 20) -- The closer you get to that certain someone, the more threatened you will feel. Is this because of any genuine danger or your own insecurity?

GEMINI (May 21-June 20) -- Your critics are likely to be impressed with your methods today -- though they're not about to admit it publicly. You're on the subject of a roll.
