HOROSCOPES by Stella Wilder

SATURDAY, AUGUST 7, 2021
YOUR BIRTHDAY by Stella Wilder
 Born today, you are led through life by your undying curiosity, which pretty much means that your powerful mind is wherever the vessel and pilot that lead you both where it is you may go, and for whatever reason. Indeed, you have been endowed with tremendous brainpower, and your ability to study a problem and arrive at a satisfactory solution is not likely to be matched by anyone you encounter either professionally or personally. You are captivated by the mysteries of life.
SUNDAY, AUGUST 8
LEO (July 23-Aug. 22) -- You are curious about certain issues that are just appearing on the periphery of your experience and awareness. Can you get ahead of the curve?
VIRGO (Aug. 23-Sept. 22) -- Efficiency is the key today, especially when it comes to communication in the midst of getting a job done. You can't risk a slowdown.

LIBRA (Sept. 23-Oct. 22) -- Giving to others what you yourself value will say a lot about you and gain you favor among those who have been suspicious of you in the past.
SCORPIO (Oct. 23-Nov. 21) -- You're likely to find yourself running just a few minutes late throughout the day. Don't make excuses, but do apologize as necessary.
SAGITTARIUS (Nov. 22-Dec. 21) -- Others may be waiting for you to get your act together at this time, but the fact is that you are already well ahead of the curve today.
CAPRICORN (Dec. 22-Jan. 19) -- You're in for something of a surprise today if you think that everything is going to progress exactly as planned. Be ready to improvise.
AQUARIUS (Jan. 20-Feb. 18) -- You have room to experiment today, and you don't just have to stick to what you know. Feel free to explore some off-the-wall topics!
PISCES (Feb. 19-March 20) -- You may have reason to question the motives of a friend today. A quick look back will tell you all you need to know about this situation.
ARIES (March 21-April 19) -- You and a friend have much to talk about, and neither of you really knows how to start. You may want to suggest moving to neutral ground.
TAURUS (April 20-May 20) -- You'll come across something that seems tailor-made to the situation you are currently in, but be careful -- it's not what it seems.
GEMINI (May 21-June 20) -- You'll receive a warning from someone who boasts a wide range of experience, but you're sitting in a position no one has yet been in.
CANCER (June 21-July 22) -- Just when you thought you were "in," you may discover that you are "out" -- but that's likely to give you a reason to work even harder next time.
