Tom Hanks and Helena Zengel

6 p.m. on TRAV Destination Fear

The new episode "Edinburgh Manor" takes the group to a location in rural Scotch Grove, Iowa, where Dakota Laden and Alex Schroeder attempted an investigation six years ago. It did not go well, with the pair eventually chased from the shuttered facility by something in the basement. Originally opened as a "poor farm" in the mid-1800s, the structure was torn down and replaced by a mental institution where, according to local legend, the inmates would slit their own throats to escape their misery.

8 p.m. on HBO Movie: News of the World

Paul Greengrass directed and co-wrote this 2020 adaptation of a 2016 novel of the same title by Paulette Giles, a period drama that follows a former Confederate army officer (Tom Hanks) as he tries to return a young orphan (Helena Zengel) to her last remaining family members. The girl had been raised from an early age by a Kiowa Indian tribe. Zengel received nominations as best supporting actress at the Golden Globe and Screen Actors Guild Awards; the film received Oscar nominations for its original score, cinematography, production design and sound.

9 p.m. on BBCA Meerkat Manor: Rise of the Dynasty

The acclaimed wildlife docu-series returns to complete its current season, starting with the midseason premiere "Hard Times," which finds Flint expecting the arrival of her third litter, after the heartbreaking loss of her first two. Unfortunately, the turf-grabbing Ubuntu Mob now threatens to make her homeless. Meanwhile, the extreme heat raises tensions at Whiskers, causing loyal Brea to make an out-of-character move. Elsewhere, an unexpected return signals sinister consequences. The remainder of the season will air as two episodes back-to-back on subsequent Saturdays.
