SUNDAY, SEPTEMBER 19, 2021  
YOUR BIRTHDAY by Stella Wilder

Born today, you are quite adept at walking the fine line between two issues whenever it suits you, and in this way, you are able to keep others uncertain about your true feelings and beliefs. Only those who know you very well, and they are few, know on which side of the line you genuinely belong, but that's not something that most of the world is privy to -- and for good reason, as far as you are concerned.

MONDAY, SEPTEMBER 20  
VIRGO (Aug. 23-Sept. 22) -- You'll want to be a part of some big decisions that are being made today, but it may prove difficult to place yourself where you need to be.

LIBRA (Sept. 23-Oct. 22) -- It won't be enough to review some of the details of a plan in the making; you must review all of them with a keen and objective eye.

SCORPIO (Oct. 23-Nov. 21) -- You can give yourself more of what you think you need today -- but is that the wisest course? You must be honest when assessing your situation.

SAGITTARIUS (Nov. 22-Dec. 21) -- You'll identify the cause of a tricky situation -- but the solution is likely to remain elusive today. Someone gives you perspective.

CAPRICORN (Dec. 22-Jan. 19) -- Your way is not the only way today, and the competition is likely to heat up between you and a rival who thinks you can be beaten at this time.

AQUARIUS (Jan. 20-Feb. 18) -- If you think something is a "sure thing" you're almost certain to be disappointed. There are loose ends to tie up before a job is finished.

PISCES (Feb. 19-March 20) -- Getting things to line up perfectly will surely take a great deal of skill today -- and some luck. You're in a good position to get it done.

ARIES (March 21-April 19) -- You've not made up your mind about an issue that will soon be coming to a head. Try to figure out what others have not yet told you.

TAURUS (April 20-May 20) -- It's a good day to look back at a situation that almost got the best of you. What you learn enables you to propel yourself forward quickly.

GEMINI (May 21-June 20) -- Hard work pays off in expected ways, but you must be willing to experiment a bit, and perhaps improvise when you are put under pressure.

CANCER (June 21-July 22) -- You'll have the opportunity today to clear your head after a period of rather intense involvement that had you caught between two influences.

LEO (July 23-Aug. 22) -- You're eager to explore something new today, but you must first prepare yourself in a manner to which you might not be accustomed. Trust a friend.

understand, but later events will allow you to come to terms with it -- and something more.

TAURUS (April 20-May 20) -- Now is the time for you to pitch in and help those who cannot help themselves. You need not expect compensation; involvement is payment enough.

GEMINI (May 21-June 20) -- You may have to repeat yourself today in order to ensure that you've learned how to follow certain steps in the proper order. Don't cheat!

CANCER (June 21-July 22) -- You'll have a lot on your mind today as you try to manage someone's affairs temporarily. A high level of concentration is required.

LEO (July 23-Aug. 22) -- Experience has taught you much, but today you're going to have to engage in some critical thinking in order to interpret things correctly.
