YOUR BIRTHDAY by Stella Wilder
 Born today, you would probably be welcome in almost any club in the world. You are so affable and willing to get along with any and all people, wherever you go -- and, further, you are able to enjoy almost any activity, so long as it is engaging and social and allows you to interact with others. This is not to say that you avoid solo activities; on the contrary, you may actually do your best work and be met with your greatest successes working alone, but doing so doesn't take advantage of your tremendous social abilities. To see what is in store for you tomorrow, find your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

FRIDAY, SEPTEMBER 24
LIBRA (Sept. 23-Oct. 22) – An accidental meeting proves fortuitous today. You have much going on that another can help with, and now is the time to collaborate.
SCORPIO (Oct. 23-Nov. 21) – You're likely to be swamped with information,

some useful and some not, as the day progresses – unless you manage your inbox better!
SAGITTARIUS (Nov. 22-Dec. 21) – You're putting perhaps too much emphasis on something that others have already forgotten or discounted. You can cut yourself some slack!
CAPRICORN (Dec. 22-Jan. 19) – You're eager to get started on something that is, as yet, still no more than a rough idea – but you have to begin at the beginning!
AQUARIUS (Jan. 20-Feb. 18) – You're nearing a certain junction that will require you to consider your current standings very carefully. How does your work compare?
PISCES (Feb. 19-March 20) – You may be struck with an idea today that is worth exploring further – but with someone who will be a partner if you move forward with it.
ARIES (March 21-April 19) – You have questions that few around you are equipped to answer at this time. You're going to have to go elsewhere for the information you need.

TAURUS (April 20-May 20) – You may be disappointed by a certain cancellation, but you'll make good use of the fact that your schedule has opened up a little. Get to work!
GEMINI (May 21-June 20) – You're eager to enjoy a little downtime today, but it may not be possible until you fix a problem brought to you by a friend in need.
CANCER (June 21-July 22) – The direct approach is best today when dealing with someone who is often too eager to leave you in the dark. Now is no time for mysteries!
LEO (July 23-Aug. 22) – There's more to do today than cross your fingers and hope that bad news doesn't come your way. You can take a far more active and effective role!
VIRGO (Aug. 23-Sept. 22) – You'll have to come to terms once more with the consequences of actions taken without regard for the needs of others. Get it together.
