HOROSCOPES by Stella Wilder

FRIDAY, OCTOBER 1, 2021
YOUR BIRTHDAY by Stella Wilder
Born today, you are certainly one of the most motivated, well-meaning, benevolent and hardworking individuals born under your sign. It's not so much that you are one or the other of these things that sets you apart, but rather that you combine all of them in a single effective package! Even from your earliest days working simple jobs to gain experience, it was likely clear to all who knew you that you were meant for bigger things, and you always seem to have some plan in the works that will propel you forward and upward.

SATURDAY, OCTOBER 2
LIBRA (Sept. 23-Oct. 22) -- You are curious about much that is going on around you, but you must resist the temptation to charge in without considering any hazards.

SCORPIO (Oct. 23-Nov. 21) -- Efficiency is the key to success today. The more you try to keep others from doing what you know to be wrong, the less you'll be able to do.

SAGITTARIUS (Nov. 22-Dec. 21) -- You make a major discovery today that allows you to enjoy the fruits of your labors. This comes at a surprising and opportune time.

CAPRICORN (Dec. 22-Jan. 19) -- Style and substance can combine today to win you more than admiration and praise. Indeed, the rewards you enjoy today can last a long time.

AQUARIUS (Jan. 20-Feb. 18) -- You are eager to collaborate with those who share your vision for the future. Questions arise that must be answered by the team.

PISCES (Feb. 19-March 20) -- Keeping up with someone you do not know today is less important to you than helping someone you do know keep up with you. Priorities count.

ARIES (March 21-April 19) -- You are eager to swing into action today, but take care that you don't neglect any small, preparatory steps that can make all the difference.

TAURUS (April 20-May 20) -- Despite your considerable staying power, you may not be able to get yourself all the way to the finish line -- but this is beyond your control.

GEMINI (May 21-June 20) -- Looking at things from a positive perspective allows you to see opportunity today where others see none. Soon you'll be leading the way.

CANCER (June 21-July 22) -- You are firm in your stance against someone's intentions, but you must guard against those who would do anything to erode your resolve.

LEO (July 23-Aug. 22) -- That which appears to you out of the blue today is worth examining closely. You have a hunch, and that hunch must be explored. Don't hesitate.

VIRGO (Aug. 23-Sept. 22) -- Time management spells the difference between success and failure today. You'll know immediately when you have things running most efficiently.
