HOROSCOPES by Stella Wilder

WEDNESDAY, OCTOBER 6, 2021
YOUR BIRTHDAY by Stella Wilder

Born today, you are one of the most curious individuals born under your sign, and you allow your curiosity to lead you quite willingly through all manner of opportunities and challenges -- and you are usually able to turn those travels into journeys of discovery and accomplishment. You're not always a fan of book learning; rather, you prefer to make your study of the world in a more practical fashion, by rolling up your sleeves and getting your hands dirty.

THURSDAY, OCTOBER 7
LIBRA (Sept. 23-Oct. 22) -- You're looking forward to much, but you are harboring certain doubts about a project that you haven't yet bought into. Give it more thought.

SCORPIO (Oct. 23-Nov. 21) -- Someone else threatens to overshadow your own accomplishments today. It might be wise to conceal some things until just the right moment.

SAGITTARIUS (Nov. 22-Dec. 21) -- In your attempt to smooth over certain rough spots, you may actually make things worse on the periphery. Plan ahead of time.

CAPRICORN (Dec. 22-Jan. 19) -- Time is passing, certainly, but you're likely to find that you have more of it available to you today than you had originally thought.

AQUARIUS (Jan. 20-Feb. 18) -- You are able to do something today that you have long wanted to try -- but does the reality really measure up to the original fantasy?

PISCES (Feb. 19-March 20) -- You can do things others have said cannot be done, and all it will take is a little creative thinking on your part -- and a little bit of luck.

ARIES (March 21-April 19) -- You may be approached by those who do not know quite how to do what you have asked of them -- but is it too late to make requested adjustments?

TAURUS (April 20-May 20) -- You must be willing to work closely with another today if you want to score points with a third party who is, nominally at least, in charge.

GEMINI (May 21-June 20) -- You'll want to keep your emotions in check today as you approach a situation that you know is going to push many of your buttons. Stay calm!

CANCER (June 21-July 22) -- Certain obstacles give you pause, but you should be able to overcome them today with little trouble -- provided you approach them respectfully.

LEO (July 23-Aug. 22) -- Things may not be "normal" as you understand the word, but you can surely get things done in a way that seems at least closer to normal than usual.

VIRGO (Aug. 23-Sept. 22) -- You may question the "official" policy today, but you're likely to learn through trial and error that your approach is favored by most.

HOROSCOPES by Stella Wilder

TUESDAY, OCTOBER 5, 2021
YOUR BIRTHDAY by Stella Wilder

Born today, you are never one to take bad news sitting down, as you are always ready to take on the world when it seems to conspire against you. You are thoughtful, opinionated, strong-willed, and possessed of a strong and forceful personality. You know how to change the dynamics of a room simply by walking into it -- you don't even have to say or do anything specific or react for people to take notice of you and over in a manner that can be felt by everyone as it ripples around the room. You are quite memorable.

WEDNESDAY, OCTOBER 6
LIBRA (Sept. 23-Oct. 22) -- A personal discovery is meant to inspire you, not stop you in your tracks. Don't be unwilling to try something new today. Get up and go!

SCORPIO (Oct. 23-Nov. 21) -- You can't afford to trust your instincts alone today as you face a new situation. Get as much input from those who have been in your shoes as you can.

SAGITTARIUS (Nov. 22-Dec. 21) -- You'll want to take a certain test today as soon as possible, before your enthusiasm wanes. Put yourself at the head of the line.

CAPRICORN (Dec. 22-Jan. 19) -- Your rather unusual perspective may be challenged by others today, but you'll demonstrate how appropriate it is in practical situations.

AQUARIUS (Jan. 20-Feb. 18) -- Get the facts today, and don't peddle in rumors or innuendo. What you say and do today can affect others far more than you are aware.

PISCES (Feb. 19-March 20) -- Others want to experience what you've experienced, but you may not have the time to give them any lessons until another few days have passed.

ARIES (March 21-April 19) -- What comes naturally is best for you today -- especially where your mental health is concerned. You don't want to dive into the unknown today.

TAURUS (April 20-May 20) -- A promise is easily kept today, provided you begin at the right place and follow the path that stretches out before you. Avoid distractions.

GEMINI (May 21-June 20) -- You'll want to protect yourself from a variety of threats today -- but your priority must be those that endanger others as well.

CANCER (June 21-July 22) -- You're doing the right thing, whether or not others are aware of it. You needn't spend time explaining yourself to anyone -- yet.

LEO (July 23-Aug. 22) -- You may have to make a small sacrifice today in order to ensure that others get what they most desire. This should cost you very little.

VIRGO (Aug. 23-Sept. 22) -- Style and substance are both important today, and you have what it takes to combine them in a unique and effective manner. Show off a little.
