**YOUR BIRTHDAY** by Stella Wilder  
Born today, you are always eager to take your place among the movers and shakers, wherever you may be and whatever you might be doing. You are driven to engage, perform, keep busy and insert yourself into the kinds of things that you consider important -- whether or not you are asked! There are those who would call you impertinent or intrusive, but you simply cannot resist the call of any situation that is active and complex; you want to take part and to be as influential as possible.

MONDAY, OCTOBER 11  
**LIBRA (Sept. 23-Oct. 22)** -- Someone you know only in passing plays a far more important role than usual in your affairs today. Luck, too, enables you to avoid a conflict.

**SCORPIO (Oct. 23-Nov. 21)** -- Money matters are on your mind through much of the day, and you'll want to control those urges to spend what you do not have. Play it smart.

**SAGITTARIUS (Nov. 22-Dec. 21)** -- Certain things are to be done in certain ways today and, if possible, at certain times. Don't play fast and loose with your schedule!

**CAPRICORN (Dec. 22-Jan. 19)** -- You are able to solve a problem the old-fashioned way today -- but you mustn't make the mistake of thinking this is now the only way!

**AQUARIUS (Jan. 20-Feb. 18)** -- If you've been given a certain amount of time in which to perform a task, you needn't try to get it done more quickly. Stay relaxed.

**PISCES (Feb. 19-March 20)** -- Someone is likely to come to you with a problem that you recognize as being more urgent than anyone else has acknowledged. Get to work!

**ARIES (March 21-April 19)** -- You may have to travel longer distances in less time than you had originally planned -- but you have the means to do just that today.

**TAURUS (April 20-May 20)** -- You cannot afford to skim over the details today -- espe-

cially where instructions are concerned. Take the time to get things done correctly!

**GEMINI (May 21-June 20)** -- The closer you think you are to an important personal goal, the further away it actually is -- and why? Remember: Thinking is not the same as doing!

**CANCER (June 21-July 22)** -- You may well be "in the groove" today, despite another's warnings that you're facing something dangerous. You can avoid serious mishaps.

**LEO (July 23-Aug. 22)** -- You have only one person to thank for leading you away from serious personal danger, and you should do it in a way that will be remembered.

**VIRGO (Aug. 23-Sept. 22)** -- You may be disappointed to learn today that you are no closer to your destination than you were yesterday -- but there's a good reason for that.

MONDAY, OCTOBER 11, 2021  
**YOUR BIRTHDAY** by Stella Wilder  
Born today, you are an upright, forthright and, as far as you are concerned, mostly right individual who never shrinks from a crisis and who is always ready to jump into a situation in defense of someone who needs help -- whether or not it has been asked for. Your beliefs are marrow-deep, and you're not one to alter them without the presentation of absolute proof that an alternative is, in fact, the correct way of thinking about a given issue.

TUESDAY, OCTOBER 12  
**LIBRA (Sept. 23-Oct. 22)** -- If it comes to you once today, it's likely to come to you twice or three times -- provided you are able to recognize it at first sight.

**SCORPIO (Oct. 23-Nov. 21)** -- You're ready to reveal something to a friend or loved one that you've been sitting on for quite some time. Openness can only do you good!

**SAGITTARIUS (Nov. 22-Dec. 21)** -- You have a surprise in store for someone today that is sure to get everyone's blood pumping -- and you can't wait to unveil it.

**CAPRICORN (Dec. 22-Jan. 19)** -- You must do what you have to today to lock in certain details that you cannot afford to forget in the hours -- and days -- to come.

**AQUARIUS (Jan. 20-Feb. 18)** -- You may not be doing things exactly according to schedule today, but your methods may soon be adopted by others because they are so effective.

**PISCES (Feb. 19-March 20)** -- You may have to put your needs aside for the time being today in order to help someone whose situation is much more urgent than your own.

**ARIES (March 21-April 19)** -- There's no reason for you to hide who you are today, or act any differently in front of others than you ordinarily do. Be as honest as you can!

**TAURUS (April 20-May 20)** -- You may

simply have to pound out a piece of work as quickly as possible today without giving too much thought to the finer points.

**GEMINI (May 21-June 20)** -- You may be caught off guard today by someone who is willing to tell you far more than you think you have to know. You may want to reciprocate.

**CANCER (June 21-July 22)** -- Give yourself a little more time today, if at all possible, to complete a task that usually doesn't even require much thought or preparation.

**LEO (July 23-Aug. 22)** -- You'll be impressed by the way someone approaches their work today, and you can borrow an observed technique as you start a new project.

**VIRGO (Aug. 23-Sept. 22)** -- You may suspect that someone is trying to get the best of you by doing that which is unacceptable or even illicit. Keep your guard up.
