8 p.m. on TDC Moonshiners

Fan favorite characters including Steven Ray Tickle, Tim Smith, Josh Owens, Mark Ramsey and Eric "Digger" Manes return for Season 11 as the backwoods economy that drives their old-school way of life resumes thriving. Unfortunately, law enforcement officials likewise are back on their game. As the series resumes, Mark and Digger get raided by cops, forcing them to flee across state lines.

8:30 p.m. on ABC The Wonder Years

When Coach Long and Bill (Allen Maldonado, Dulé Hill) take the boys camping as part of their newly formed scouting troop, the two men's starkly different approaches to the wild outdoors is an eye-opening experience for Dean (Elisha "EJ" Williams), who realizes there are some things his infallible dad doesn't do well in the new episode "Be Prepared." As a thunderstorm threatens the group's trek through some spooky woods, however, Bill leans into the moment in an effective way.

9 p.m. on PBS NOVA

A follow-up to 2019's acclaimed "The Planets," the new five-part limited series "NOVA Universe Revealed" — airing weekly through Nov. 24 — immerses viewers in the dramatic story of the universe, from its moment of inception 13.8 billion years ago to what might be its ultimate fate trillions of years from now. The premiere, "Age of Stars," examines the sun, a life-giving source of light, heat and energy for roughly 4.6 billion years. The hour follows a trail of evidence back to the first "star nurseries."

9 p.m. on HGTV Houses With History

In the new episode "The One With the Double Staircase," Mike, Rich and Jenn prepare for a big job as they consider purchasing two homes in dramatically different states of disrepair. One is a 1696 home that is literally leaning, while the other is an 1800 home with a solid exterior that covers up the first stage of an abandoned demolition.
