"The Maltese Bodkin" is a murder mystery by David Belke. Here is the synopsis, according to his website, www.davidbelke.ca:

"Times were tough for hard-boiled detective Birnam Wood. He never asked to be in London. Especially in 1605. When Wood's partner is killed, he has to find the killer among a cast of suspects that includes Richard III, Falstaff, Iago, Mercutio and a merchant from Venice. The worlds of film noir and Shakespeare collide in this 'who hath done it.'"

ABOUT THE THEATER PROGRAM

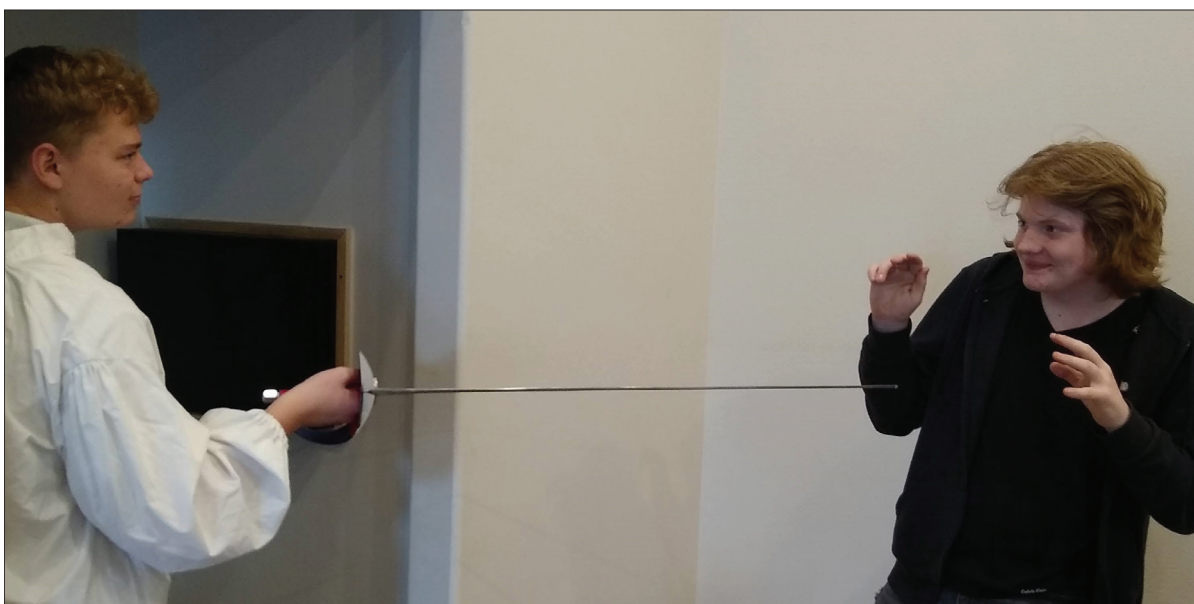

The Cove theater program restarted about four years ago after "a very long hiatus," said Dr. Teresa A. Farrell, who teaches English and drama at Cove High School.

She offers a semester-long drama class, and the school puts on two extracurricular productions every year.
