The Soil and Water Conservation Districts are uniquely tasked to work with local landowners and the communities to develop opportunities that sustain and improve our communities, economy, and resources. Baker County is comprised of four Soil and Water Conservation Districts: Baker Valley, Burnt River, Eagle Valley and Keating, thus serving all areas of the county. Each district is able to provide technical, financial and educational resources that meet the needs of the local natural resource concerns. This in turn provides economic sustainability for the rural community while preserving the pristine beauty of Baker County. The SWCDs are able to help local landowners and agriculture producers implement voluntary conservation projects through grants and USDA programs.

**YOUR BIRTHDAY** by Stella Wilder

Born today, you have more going for you than may at first meet the eye, but like so many Sagittarians, you actually enjoy being something of an enigma, and you'll learn over time to turn the cloak of mystery into opportunity -- again and again. The fact that there is much that other people don't know about you also gives you quite an advantage in a competitive situation, which is fortunate since you are, at heart, quite a competitive individual.

MONDAY, NOVEMBER 29  
**SAGITTARIUS** (Nov. 22-Dec. 21) -- You've been drawn to someone for reasons you cannot quite fathom -- but today some of the mystery is solved. Explore further.

**CAPRICORN** (Dec. 22-Jan. 19) -- Your goals and aspirations are quite clear at this time, but that doesn't mean others know what you want. Tell your story!

MONDAY, NOVEMBER 29, 2021  
**YOUR BIRTHDAY** by Stella Wilder

Born today, you are one of those fun and sometimes fearsome individuals who marches to the beat of your own drum, and behaves in a way that simply cannot be easily summed up or pigeonholed by those whose characters are more traditionally formed and forged. Those who are like you, however, recognize all that you have going for you -- for they share those attributes, and it is quite likely that at times you will find each other and collaborate in ways that are remarkably successful -- and, quite likely, largely original.

TUESDAY, NOVEMBER 30  
**SAGITTARIUS** (Nov. 22-Dec. 21) -- You are capable of being quite secretive, but that approach isn't likely to work for you today. Are you willing to share everything?

**CAPRICORN** (Dec. 22-Jan. 19) -- You are aware of what is going on around you, and what it means in the short-term and the long run. Answer the question: How do you fit in?

**AQUARIUS** (Jan. 20-Feb. 18) -- You can acquit yourself quite well today by relying on the knowledge you've amassed through recent experience. It's time to do your thing!

**PISCES** (Feb. 19-March 20) -- You may not be able to cover all the bases today, so getting the right help at the right time will be important. All options are open.

**ARIES** (March 21-April 19) -- You needn't resist the temptation to show off just a little today. Others are ready for you to put on a show -- and you surely can!

**TAURUS** (April 20-May 20) -- It's time to realign your priorities today so that you are working toward a certain goal in a logical fashion. You can do what you want to do.

**GEMINI** (May 21-June 20) -- In an attempt to do what others have not done you are likely to overburden yourself today. You must know where your boundaries really are!

**CANCER** (June 21-July 22) -- You can achieve much more today if you time your efforts to coincide with those of another. Teamwork doesn't require proximity at this time.

**LEO** (July 23-Aug. 22) -- Certain situations will demand a bit more critical thinking than usual today -- but this is a requirement that you're surely able to fulfill right now.

**VIRGO** (Aug. 23-Sept. 22) -- You may come to a surprising conclusion today after examining all available evidence. Perhaps there's a piece of information still missing.

**LIBRA** (Sept. 23-Oct. 22) -- You'll have to learn from others today if you're going to keep up -- and you have just enough at stake to inspire you to do all you can to do so.

**SCORPIO** (Oct. 23-Nov. 21) -- Don't assume that because you've done something before it will be just as easy this time. Things have gotten much more complicated recently.

have to complete some homework very quickly today before engaging others in activities that will challenge them in a fundamental way.

**LEO** (July 23-Aug. 22) -- You may receive a directive today from the powers that be that rubs you the wrong way. Don't let this fester; it's surely something to talk about!

**VIRGO** (Aug. 23-Sept. 22) -- If what you want is truly within reach, then you can have it today -- but first you may have to give up something of equal value.

**LIBRA** (Sept. 23-Oct. 22) -- It's time for you to come clean with someone about a past error. This is not so much a "confession" as an opportunity to avoid future mistakes.

**SCORPIO** (Oct. 23-Nov. 21) -- You've been sending out warnings on a regular basis, and today is the day for you to do what you've been considering doing. Take a chance.
