tonight's best

Bill Maher

8 p.m. on CBS Undercover Boss

Sharon M. Leite, the CEO of a well-known brand known as The Vitamin Shoppe, recently implemented some innovations and operational changes at her company. Now, as she contemplates possible new ways to expand her brand even further, she goes undercover as a store associate to assess how some of her changes are affecting her front line employees. She knows she needs to find a healthy balance between customer satisfaction and the happiness of her own team.

8 p.m. on SHOW Movie: Monday

This 2020 romance from director and co-screenwriter Argyris Papadimitropoulos is a character-driven piece starring Marvel action star Sebastian Stan ("The Falcon and the Winter Soldier") and Irish actress Denise Gough ("Angels in America") as, respectively, musician-turned-DJ Mickey and immigration lawyer Chloe, a pair of American expatriates living in Athens, Greece. After meeting at a party, the couple embark on a whirlwind fling, but when they attempt an actual relationship, trouble rears its head.

9 p.m. on A&E Cold Case Files

In the fall of 2009, a beloved school teacher is found murdered in her Neptune, N.J., apartment, in the new episode "A Lesson in Homicide." In short order, her estranged husband, from whom she is in the process of a divorce, falls under suspicion, but detectives are unable to find firm evidence that would lead them to an arrest. Quite a while after the case goes cold, however, a detective is persuaded to help the ex-husband clear his name by tracking down the victim's real killers.

10 p.m. on HBO Real Time With Bill Maher

Host Bill Maher reaches a milestone as his popular (if often polarizing) weekly series returns to open its 20th season. His guests are still to be announced, but one topic that's sure to be up for discussion is the ongoing pandemic. Maher, who was forced to do the show remotely from his home for a few months in 2020, expressed hope in his closing Season 19 remarks that he would return to a "more normal" reality this month. Instead, the Omicron variant drove another spike in coronavirus cases over his hiatus.
