### Miranda May

### 7:30 p.m. on DISN Bunk'd

Season 6 of this hit spinoff of the fondly remembered 2011-15 Disney Channel comedy "Jessie" opens as Lou (Miranda May) arrives in Dusty Tush, Wyo., accompanied by Parker, Destiny and Noah (Trevor Tordjman, Mallory James Mahoney, Israel Johnson). Lou has her eyes set on a local dude ranch, which she wants to makeover and rebrand as Kikiwaka Ranch. First, though, she must convince the surly owner to sell the property to her. Shiloh Verrico, Luke Busey and Alfred Lewis join the cast.

# 8 p.m. on SHOW Couples Therapy

Ping and Will face the truths uncovered in their sessions in the season finale episode that also sees India and Dale sharing some revealing insights about their work with Dr. Orna Guralnik, the resident therapist. Meanwhile, Cyn and Yaya emerge from their recent setback with a new vitality, and Josh confronts his fears about opening up more with his acquaintances and loved ones.

#### 8 p.m. on LMN Movie: Happily Never After

Recently engaged Laura thinks her luck is too good to be true when she enters a bridal magazine's contest for an all-expenses-paid dream wedding and wins the grand prize. What she doesn't know is that the contest's designated wedding planner, Faith, has a complicated past with Pete, Laura's fiancé, and Laura's win was rigged. It's all part of a scheme by the unhinged Faith to rekindle things with Pete herself. Erinn Fredin, Alexis Allotta and Rich Holton star in this 2022 thriller.

### 9 p.m. on HIST The UnXplained

A new episode called "Surviving the Impossible" looks at cases in which ordinary human beings somehow managed to defy the odds by not dying from seemingly catastrophic injuries or some other deadly incident. Their survival seems to fly in the face of known scientific and biological facts that ordinarily would predict such an outcome to be impossible. This raises the ultimate question as to whether "cheating death" is due to fate, sheer luck or something else more mysterious.
